Republic of the Philippines
COMMISSION ON AUDIT
Commonwealth Avenue, Quezon City

ANNUAL AUDIT REPORT

on the

City of Trece Martires
Province of Cavite

For the Year Ended December 31, 2024

REPUBLIC OF THE PHILIPPINES
COMMISSION ON AUDIT
REGIONAL OFFICE NO. IV-A
Commonwealth Avenue, Quezon City

May 29, 2025

Honorable GEMMA BUENDIA-LUBIGAN
City Mayor
Trece Martires City, Cavite

Dear Mayor Buendia-Lubigan:

We are pleased to transmit the report on the results of the audit on the accounts and operations of the City Government of Trece Martires, Cavite for the Calendar Year (CY) ended December 31, 2024, pursuant to Section 43 of Presidential Decree (PD) No. 1445, otherwise known as the Government Auditing Code of the Philippines, and in line with the Commission's effort towards informing Management on how fiscal responsibility has been discharged.

Our audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs) and we believe that it provided reasonable basis for the results of the audit.

The audit was aimed at verifying the level of assurance that may be placed on Management's assertions on the financial statements, ascertaining the propriety of financial transactions and extent of Management's compliance with existing government laws, rules and regulations, recommending agency improvement opportunities and determining the status of implementation of prior year's audit recommendations.

The audit report was prepared by the Audit Team composed of Ms. Sharmaine C. Dionisio, Officer-In-Charge (OIC) Audit Team Leader, and Mr. Paulo C. Asuncion, Audit Team Member, under the supervision of Mr. Mark Schundel L. Reymundo, OIC-Supervising Auditor. It consists of the Independent Auditor's Report, the Audited Financial Statements, the Observations and Recommendations, the Status of Implementation of Prior Year's Audit Recommendations, and the Annexes.

The audit observations, together with the recommended courses of action which were discussed by the Audit Team with the concerned Management officials and staff during the exit conference conducted on April 8, 2025, are discussed in detail in Part II of this report. Management comments were incorporated in the report, where appropriate.

We respectfully request that the recommendations contained in Part II and Part III of the report be implemented and that this Commission be informed of the actions taken thereon by accomplishing the attached Agency Action Plan and Status of Implementation form and returning the same within 60 days from the date of receipt thereof.

We express our appreciation for the invaluable support and cooperation that Management extended to the Audit Team, thus, facilitating the completion of the report.

Very truly yours,

COMMISSION ON AUDIT

EXECUTIVE SUMMARY

Introduction

Used to be the largest, most remote and one of the oldest barrios of Tanza, Cavite, the City of Trece Martires was formerly known as Quintana. It was created into a city on May 24, 1954 by virtue of Republic Act (RA) No. 981 through the historic effort of then Senator Justiniano S. Montano and Congressman Jose T. Cajulis and was renamed Trece Martires in honor of the 13 martyrs, a group of prominent Caviteños who were sentenced to death during the Spanish regime.

The City of Trece Martires, with a total land area of 3,917 hectares, is the capital of the Province of Cavite. It is a fourth-class city comprising of 13 barangays named after the surnames of the 13 martyrs.

From 2014 to present, the City was hosting National Housing Authority (NHA) Resettlement Projects with 19,000 housing units and relocatees consisting of informal settlers from the National Capital Region (NCR). These resettlement areas are located in Barangays Osorio, Hugo Perez, Lallana, Cabuco, Aguado and Inocencio.

The City of Trece Martires aims to create an environment conducive to business that promotes social, moral and economic development. It seeks to ensure peace and order by strengthening the functionaries and organizations that play key roles in maintaining a progressive and peaceful community, promoting programs and projects that are environmentally sustainable and ensuring that the programs reach the marginal and indigent members of the community.

The Organizational Structure of the City is as follows:

a. Key Officials

City Mayor	:	Hon. Gemma B. Lubigan
City Vice Mayor	:	Hon. Romeo L. Montehermoso, Jr.
Members of Sangguniang Panlungsod	:	Hon. Joyce Ann M. Baking
	:	Hon. Tracy Anne S. Anacan
	:	Hon. Kim Paolo C. Lubigan
	:	Hon. Anne Jomille D. Humarang
	:	Hon. Jay-Em C. Cunanan
	:	Hon. Antonio G. Lontoc
	:	Hon. Anselmo L. Trinidad
	:	Hon. Angelito E. Vidallon
	:	Hon. Gregor C. Buendia
	:	Hon. Leonardo Agustin T. Montehermoso
	:	Hon. Mark Albert L. Montehermoso – ABC President
	:	Hon. John Allyson P. Sepacio – SK Federation President
City Treasurer	:	Ms. Ferlinda M. Paz

Scope and Objectives of the Audit

The audit covered the accounts and operations of the City for the period January 1 to December 31, 2024. The objectives of the audit are to: (a) determine the level of assurance that may be placed on Management's assertions on the financial statements; (b) verify the propriety of financial transactions and on a limited extent, determine the level of compliance with applicable laws, rules and regulations; (c) recommend agency improvement opportunities; and (d) determine the extent of implementation of prior year's audit recommendations.

Financial Highlights

For Calendar Year (CY) 2024, the City of Trece Martires, Cavite appropriated the total amount of ₱1,794,565,827.00 and utilized the amount of ₱1,583,465,362.09.

The total assets, liabilities, equity and expenses for CY 2024 are as follows:

	CY 2024	CY 2023	Increase (Decrease)
Comparative Financial Position			
Assets	₱ 4,546,055,040.48	₱ 3,780,261,105.55	₱ 765,793,934.93
Liabilities	1,298,227,209.99	685,124,476.49	613,102,733.50
Equity	3,247,827,830.49	3,095,136,629.06	152,691,201.43
Results of Operation			
Income	₱ 1,524,462,982.57	₱ 1,383,099,422.68	₱ 141,363,559.89

	CY 2024	CY 2023	Increase (Decrease)
Personnel Services	358,573,864.44	323,665,813.90	34,908,050.54
Maintenance and Other Operating Expenses	751,737,595.24	654,900,228.00	96,837,367.24
Financial Expenses	26,593,217.09	6,339,417.96	20,253,799.13
Non-Cash Expenses	133,694,728.85	116,606,905.53	17,087,823.32
Transfers, Assistance and Subsidy To/From	10,825,190.66	23,172,595.78	(12,347,405.12)
Other Non-Operating Income/(Loss)	823,065.73	164,400.00	658,665.73
Surplus (Deficit)	243,861,452.02	258,578,861.51	(14,717,409.49)

Independent Auditor's Report on the Financial Statements

The Auditor rendered a qualified opinion on the fairness of the presentation of the financial statements due to the following:

1. Bank Reconciliation Statements (BRS) were not prepared and submitted to the COA Auditor on a monthly basis, together with the necessary supporting documents. Furthermore, Journal Entry Vouchers (JEVs) to record all valid reconciling items that require adjustments and corrections in the books were only drawn in the subsequent month, contrary to Section 74 of the PD No. 1445 and COA Circular No. 96-011, thus, affecting the fair presentation of the financial statements and casting doubt in the reliability and accuracy of the Cash in Bank account's balances totaling ₱182,040,457.45.

2. The reliability and accuracy of the Property, Plant and Equipment (PPE) accounts as of December 31, 2024 remained doubtful due to (a) discrepancies totaling ₱15,644,743.89 between the accounting records and the Report of Physical Count of Property, Plant and Equipment (RPCPPE); (b) various inconsistencies in the recording of the Land account; (c) inclusion of several items with costs below ₱50,000.00; (d) inclusion of PPE items with no acquisition costs; and (e) non-maintenance of Property, Plant and Equipment Ledger Cards (PPELCs) and Real Property Ledger Cards (RPLC), contrary to the pertinent provisions of the Manual of the New Government Accounting System (MNGAS) for Local Government Units (LGUs) and Section 4.1 of Commission on Audit (COA) Circular No. 2022-004.

3. Discrepancies noted between the Report of the Physical Count of Inventories (RPCI) and the accounting records totaling ₱66,791,754.52, and the non-maintenance of complete stock cards of supplies and inventories by the City General Services Office (CGSO) were contrary to Sections 111 and 122 of Presidential Decree (P.D.) No. 1445 and MNGAS for LGUs. Thus, the validity, existence and accuracy of the year-end balances of the Inventory accounts in the financial statements could not be fully ascertained.

4. Completed and ongoing projects totaling ₱45,841,038.60 were not recorded as payables at year-end, contrary to IPSAS 1 and 19, thereby understating the Accounts Payable,

PPE and Construction in Progress (CIP) accounts by ₱20,181,455.93 and ₱25,659,582.67, respectively.

5. The existence and accuracy of Biological Assets account in the books totaling ₱745,846.20 could not be ascertained due to (a) erroneous recording of these assets at acquisition costs instead of fair market value less cost to sell; (b) composition discrepancies noted in the Subsidiary Ledger (SL) and RPCPPE submitted by the City Accounting Office (CAO) and the CGSO, respectively; and (c) the inclusion of 12 breeding cattle which have been reported deceased as of year-end, while the condition of the remaining breeding stocks were unknown, contrary to Section 111 of P.D. No. 1445 and Paragraphs 16 and 30 of the IPSAS 27.

6. Payables totaling ₱2,869,714.44 under the General Fund (GF) and Trust Fund (TF) which remained outstanding for more than two years and/or undocumented were not reverted to the unappropriated surplus of the GF, contrary to Section 98 of the P.D. No. 1445 and COA Circular No. 76-45, thus, casted doubt on the validity and reliability of the said accounts as of December 31, 2024.

For the above cited deficiencies, we recommended that the City Mayor direct the:

1. City Accountant to prepare the BRS and submit copies, with all of the necessary supporting documents, to the Audit Team for verification, within 10 days after the end of each month, as well as to draw JEVs to take up all valid reconciling items requiring adjustments and corrections in the books in their corresponding months, to ensure the reliability and accuracy of the Cash in Bank accounts.

2.1 Officer-in-Charge (OIC), CGSO and the City Accountant to reconcile their records of PPE and ensure that differences between the RPCPPE, and the PPE balances presented in the Statement of Financial Position (SFPos) and accounting records be resolved;

2.2 OIC-CGSO and the City Accountant, in collaboration with the OIC-City Assessor's Office, to identify all the parcels of land owned by the City, including the determination of the specific lots with which the survey costs were associated, obtaining copies of proofs of ownership of the aforementioned 11 lots, facilitating the registration and transfer of the land titles of the acquired lots from the previous owners to the City Government, and ensuring that these properties are properly accounted for in the books and the inventory reports;

2.3 City Accountant to reclassify the road lots totaling ₱1,745,600.00 from the Land account to the Road Networks account, and the PPE items totaling ₱93,815.00 to the Semi-expendable properties account;

2.4 OIC-CGSO, in coordination with the Inventory Committee, to determine the acquisition costs of the 47 PPE items enumerated in the Machinery and Equipment, Motor Vehicles, Furniture and Fixtures and Other PPE accounts; and,

2.5 City Accountant to ensure that the PPELCs and RPLC are prepared, which include relevant details about the PPE, such as the custody and/or end-user of the PPE and the reference pertaining to the source documents of the recorded PPE as of year-end.

3.1 OIC-CGSO to prepare stock cards of all inventory accounts for proper monitoring of receipts, issuance and balances of inventory items, and to conduct the physical count of inventory items, prepare and submit the RPCI to the Auditor concerned not later than July 31 and January 31 of each year for the first and second semesters, respectively; and,

3.2 OIC-CGSO and City Accountant to reconcile their Inventory records to establish the correct and reconciled balances of inventory accounts to be presented in the financial statements.

4.1 City Accountant in coordination with the City Engineering Office (CEO), to prepare the necessary adjusting entries to reflect the unrecorded Accounts Payable, the related PPE accounts, and the CIP account of ₱45,841,038.60, ₱20,181,455.93 and ₱25,659,582.67, respectively; and,

4.2 CEO to submit to the CAO the Status of Completion of Infrastructure Projects as of year-end to ensure that all unpaid completed and ongoing infrastructure projects are recorded in the books of accounts to reflect the correct balances of Accounts Payable and the counterpart asset accounts at year-end.

5.1 OIC-CGSO, City Agriculturist and the City Accountant reconcile their records and reports, and ensure that the status, condition, location, accountability and/or other relevant information needed are included in such reports for proper recording, monitoring and subsequent derecognition of biological assets in the books of accounts, as necessary; and,

5.2 City Accountant to adopt the guidelines in recording the Biological Assets as provided in Paragraphs 16 and 30 of the IPSAS 27 to ensure the proper valuation of the biological assets at each reporting date.

6. City Accountant, in coordination with the concerned Offices, to formally inform the claimants of their unclaimed money, with the advice that the amount will be reverted to the unappropriated surplus of the GF of the City in case proper claim was not made within a specified period and consequently, cause the immediate reversion of all dormant payable accounts aged more than two years and/or undocumented to the unappropriated surplus of the GF.

Other Significant Observations and Recommendations

Hereunder are the other significant observations and corresponding recommendations contained in the report:

1. Due to National Government Agencies (NGAs) account totaling ₱2,600,000.00 had been idle or dormant for more than 13 years due to the absence of documents pertaining to the SA and the purpose for which the transferred funds were intended, contrary to Executive Order (E.O.) No. 431, and COA and Department of Budget and Management (DBM) Joint Circular No. 9-81, thus, the the City and/or the National Government was deprived of additional resources that could have been used to fund priority programs, projects and /or activities.

We recommended that the City Mayor direct the concerned implementing offices to trace and communicate with the SA to locate the MOA and adhere to the provision therein relative to the utilization and liquidation of the fund transferred, and/or seek approval from the trustor to revert the balances of these long outstanding dormant accounts to the unappropriated surplus of the GF of the City.

2. Expenditures amounting to ₱2,412,415.60 for medicines, supplies, training, and meals distributed were charged against the City's Local Disaster Risk Reduction and Management Fund (LDRRMF) for CY 2024, despite their lack of direct relevance to the four thematic areas of disaster risk reduction management outlined in National Disaster Risk Reduction and Management Council (NDRRMC), DBM and Department of the Interior and Local Government (DILG) Joint Memorandum Circular (JMC) No. 2013-1, thus, undermining the fund's intended purpose.

   We recommended that the City Mayor instruct the City LDRRM Officer and the Acting City Budget Officer to:

   a. Submit a resolution or valid justification explaining the reason/s of charging the aforementioned expenses to LDRRMF, otherwise, the expenses shall be disallowed in audit; and

   b. Refrain from obligating and charging to LDRRMF expenditures which are not directly related to the implementation of disaster risk management activities consistent with the provisions of NDRRMC, DBM and DILG JMC No. 2013-1.

3. The City did not take appropriate actions against the contractor despite incurring negative slippage ranging from seven to 34.82 percent for seven infrastructure projects totaling ₱29,323,315.18, in violation of the pertinent provisions of Government Procurement Policy Board (GPPB) Circular No. 03-2019 and Republic Act (R.A.) No. 9184, thus, hindering the timely completion of the projects and the effective management of the contractor's performance.

   We recommended that the City Mayor direct the:

   a. City Engineer to properly and closely monitor the progress of the City's implementation of infrastructure projects, issue appropriate notices of negative slippage requiring the contractors to submit necessary detailed "catch-up" program and exert efforts to ensure the timely completion of the implemented projects and to ensure compliance with GPPB Circular No. 13-2019 to facilitate the effective management of the contractors' performance;

   b. Bids and Awards Committee (BAC) Chairman to ensure the bidders' performance in ongoing government and private contracts before projects are awarded to avoid delays in the implementation of the City's infrastructure projects; and

   c. City Accountant to continue withholding retention money until the Work is satisfactorily done and on schedule.

4. Two infrastructure projects totaling P14,873,064.00 were granted time extensions despite non-inclusion of the reasons in the grounds enumerated under Annex E of the 2016 Revised Implementing Rules and Regulations (IRR) of R.A. No. 9184, thus,

preventing the City from imposing additional liquidated damages and depriving the public of timely use or benefits from the projects.

We recommended that the City Mayor direct the City Engineer to ensure that the request for extension were duly supported with valid documentation and the reasons for contract time extensions are within the conditions enumerated under Annex E of the 2016 Revised IRR of R.A. No. 9184.

5. Disposal of 160 unserviceable properties totaling ₱108,899,029.54 was not undertaken as of December 31, 2024, inconsistent with Section 379 of R.A. No. 7160 and COA-DBM Joint Circular No. 2024-1, thus, exposing the properties to further deterioration, possibility of loss and reduction in economic value.

   We recommended that the City Mayor direct the:

   a. OIC-CGSO and the City Accountant to prepare the duly accomplished Inventory and Inspection Report of Unserviceable Properties (IIRUP), including all government properties subject for disposal, accompanied by relevant documents pertaining to the unserviceable properties, as the case may be, such as individual survey reports, lists of missing spare parts, stencils of chassis and engine numbers of motor vehicles, and current photographs showing all sides of the properties, as of December 31, 2024, and submit the same to the Disposal Committee for inspection, appraisal and immediate disposal of the unserviceable properties to prevent further deterioration and reduction of economic value; and

   b. OIC-CGSO to gather all unserviceable vehicles and other properties in one designated location and adequately safeguard the area to avoid additional damage or loss of the vehicle or its significant parts, that could further deteriorate its value.

6. Four government vehicles acquired by the City from CYs 2022 to 2023 were not yet registered with the Land Transportation Office (LTO) while 19 vehicles had expired registrations which were not yet renewed as of year-end, contrary to Section 5 of Batas Pambansa Bilang 74 and Section 2 of PD No. 1445, thus, exposed the government to fines and/or penalties for late registration and other possible damages that may arise due to the use of unregistered vehicles.

   We recommended that the City Mayor direct the OIC-CGSO to cause the immediate registration of the remaining four unregistered motor vehicles and the renewal of registration of the 19 motor vehicles with the LTO in compliance with Section 5 of Batas Pambansa Bilang 74.

7. The specific duties, functions and assignments of 1,692 Job Order (JO) personnel, which represented 71.24 percent of the City’s total workforce, were not provided in the contracts between the City and subject workers, while the outputs in their monthly accomplishment reports were stated in general terms, contrary to the pertinent provisions of COA and DBM Joint Circular No. 2, s. 2020, thus, the necessity of their hiring, and propriety and regularity of their payments totaling ₱63,898,409.26 for the CY 2024 could not be fully verified.

   We recommended that the City Mayor require the City Human Resources Management Office (CHRMO), in coordination with the Department Heads of the City, to:

a. Ensure that the contracts of the JO clearly provide their specific job descriptions, duties and expected deliverables against their performance and accomplishments, for the review and evaluation as to the necessity of their hiring and regularity of payments to them; and

b. Study the City's manpower needs and hire JO workers based on specific requests from concerned Department Heads or officials who shall certify that his or her office needs the services of a JO worker for an identified piece of work.

8. Monthly Report on Sources and Utilization of LDRRMF was not submitted to the Office of the Auditor, contrary to COA Circular No. 2012-002, thus, affecting the prompt evaluation of the LDRRMF plan, accomplishments, and utilization.

   We recommended that the City Mayor direct the City LDRRM Officer to submit the prescribed monthly Report on the Sources and Utilization of the DRRMF to the COA Auditor, as required by 5.1.5 of COA Circular No. 2012-002, for proper monitoring and evaluation.

9. Gender mainstreaming on Gender and Development (GAD) Programs, Projects and Activities (PPAs) was not fully observed as several appropriations for various PPAs were either over-utilized, under-utilized or not utilized at all, contrary to Philippine Commission on Women (PCW), DILG, DBM and National Economic and Development Authority (NEDA) JMC No. 2013-01, as amended by PCW-DILG-DBM-NEDA JMC No. 2016-01, thus, casting doubt on the gender-responsiveness of the GAD PPAs in addressing the identified gender issues and GAD mandates of the City.

   We recommended that the City Mayor direct the GAD Focal Person to conduct re-assessment of gender mainstreaming by engaging in the activities outlined in Item 3, Section D of PCW-DILG-DBM-NEDA JMC No. 2013-01, as well as take into consideration the results of program and project evaluation in terms of benefits to target beneficiaries, as assessed by the Monitoring and Evaluation (M&E) Team, to ensure the gender-responsiveness of the GAD PPAs in addressing the City's gender issues and GAD mandates.

Status of Audit Suspensions, Disallowances and Charges

As of December 31, 2024, the City has unsettled disallowances totaling ₱84,733,007.17 of which ₱74,748,007.17 has Petition for Review/Motion for Reconsideration by Appellants received by the Audit Team last July 29 and 30, 2024 and submitted to the Commission on Audit, Central Office, and unsettled charges totaling ₱9,154,505.66 against the former Liquidating Officer. There were no unsettled suspensions as of year-end.

Status of Implementation of Prior Year's Audit Recommendations

Of the 37 audit recommendations embodied in the CY 2023 Annual Audit Report (AAR), 18 were implemented and 19 were not implemented by the City of Trece Martires.

Part I
AUDITED FINANCIAL STATEMENTS

REPUBLIC OF THE PHILIPPINES
COMMISSION ON AUDIT
REGIONAL OFFICE NO. IV-A
Commonwealth Avenue, Quezon City

INDEPENDENT AUDITOR'S REPORT

Honorable GEMMA BUENDIA-LUBIGAN
City Mayor
City Government of Trece Martires
Province of Cavite

Qualified Opinion

We have audited the financial statements of the City Government of Trece Martires, Cavite, which comprise the Statement of Financial Position as at December 31, 2024 and the Statement of Financial Performance, Statement of Changes in Net Assets/Equity, Statement of Cash Flows and Statement of Comparison of Budget and Actual Amounts for the year then ended, and the Notes to Financial Statements, including the Summary of Significant Accounting Policies.

In our opinion, except for the effects of the matter described in the *Bases of Qualified Opinion* section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the City Government of Trece Martires as at December 31, 2024, and its financial performance, its cash flows, and its comparison of budget and actual amounts for the year then ended in accordance with International Public Sector Accounting Standards (IPSASs).

Bases for Qualified Opinion

Bank Reconciliation Statements (BRS) were not prepared and submitted to the COA Auditor on a monthly basis, together with the necessary supporting documents. Furthermore, Journal Entry Vouchers (JEVs) to record all valid reconciling items that require adjustments and corrections in the books were only drawn in the subsequent month, thus, affecting the fair presentation of the financial statements and casting doubt in the reliability and accuracy of the Cash in Bank account's balances totaling ₱182,040,457.45. Additionally, the reliability and accuracy of the Property, Plant and Equipment (PPE) accounts as of December 31, 2024 remained doubtful due to: (a) discrepancies totaling ₱15,644,743.89 between the accounting records and the Report of Physical Count of Property, Plant and Equipment (RPCPPE); (b) various inconsistencies in the recording of the Land account; (c) inclusion of several items with costs below ₱50,000.00; and (d) inclusion of PPE items with no acquisition costs. Likewise, discrepancies were noted between the Report of the Physical Count of Inventories and the accounting records totaling ₱66,791,754.52, thus, the validity, existence and accuracy of the year-end balances of the Inventory accounts in the financial statements could not be fully ascertained. More so, completed and ongoing projects totaling ₱45,841,038.60 were not recorded as payables at year-end, thereby understating the Accounts Payable, PPE and Construction in Progress accounts by ₱20,181,455.93 and ₱25,659,582.67, respectively.

Further, the existence and accuracy of Biological Assets account in the books totaling ₱745,846.20 could not be ascertained due to: (a) erroneous recording of these assets at acquisition costs instead of fair market value less cost to sell; (b) composition discrepancies noted in the Subsidiary Ledger and RPCPPE submitted by the City Accounting Office and the City General Services Office, respectively; and (c) the inclusion of 12 breeding cattle which have been reported deceased as of year-end, while the condition of the remaining breeding stocks were unknown. Lastly, payables totaling ₱2,869,714.44 under the General Fund (GF) and Trust Fund (TF) which remained outstanding for more than two years and/or undocumented were not reverted to the unappropriated surplus of the GF.

We conducted our audit in accordance with International Standards of Supreme Audit Institutions (ISSAIs). Our responsibilities under those standards are described in the *Auditor's Responsibilities for the Audit of the Financial Statements* sections of our report. We are independent of the agency in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with IPSASs, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the City's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

COMMISSION ON AUDIT

BY:

MARK SCHUNDEL L. REYMUNDO
OIC-Supervising Auditor

April 28, 2025

Republic of the Philippines
Province of Cavite
OFFICE OF THE CITY MAYOR
Trece Martires City

STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The management of the **CITY GOVERNMENT OF TRECE MARTIRES** is responsible for all information and representations contained in the accompanying Statement of Financial Position as of December 31, 2024 and the related Statement of Financial Performance, Statement of Changes in Net Assets/Equity, Statement of Comparison of Budget and Actual Amounts, and Statement of Cash Flows and the Notes to Financial Statements for the year then ended. The financial statements have been prepared in accordance with the International Public Sector Accounting Standards and reflect amounts that are based on the best estimates and informed judgment of management with an appropriate consideration to materiality.

In this regard, management maintains a system of accounting and reporting which provides for the necessary internal controls to ensure that transactions are properly authorized and recorded, assets are safeguarded against unauthorized use or disposition and liabilities are recognized.

DIOMEDES C. BRAGAIS	**GEMMA BUENDIA LUBIGAN**
City Accountant	City Mayor

Note 1 - Profile

Trece Martires City is the capital of the Province of Cavite, and it is composed of 13 dynamic and fast-developing barangays named after the 13 martyrs.

The City was founded on May 24, 1954, by virtue of Republic Act (RA) No. 981 through the historic effort of then Senator Justiniano Montano and Congressman Jose T. Cajulis.

On March 31, 1992, President Corazon C. Aquino signed into law RA No. 7325, amending the city charter by providing for the holding of local elections in the City. Pursuant to this law, the first local election was held on May 11, 1992. It was classified as a fourth-class city under Memorandum Circular No. 97-2 dated April 20, 1997, by the Bureau of Local Government Finance.

The City maintains three funds, namely, the General Fund (GF), Special Education Fund (SEF) and Trust Fund (TF).

It also maintains four special accounts under the GF consisting of the Trece Martires City College (TMCC), Market, Slaughterhouse and the 20 percent Development Fund (DF).

Note 2 - Statement of Compliance and Basis of Preparation of Financial Statements

The consolidated financial statements have been prepared in accordance with and comply with the International Public Sector Accounting Standards (IPSAS) issued by the Commission on Audit (COA) per COA Resolutions No. 2014-003 and 2015-009 dated January 24, 2014 and March 9, 2015, respectively, and Revised Charts of Accounts for Local Government Units (RCALGU) issued under COA Circular No. 2015-009 dated December 1, 2015.

The consolidated financial statements have been prepared on the basis of historical cost, unless stated otherwise. The Statement of Cash Flows is prepared using the direct method.

Note 3 - Summary of Significant Accounting Policies

3.1 Basis of Accounting

The consolidated financial statements are prepared on an accrual basis in accordance with the IPSAS.

3.2 Revenue Recognition

Revenue from Non-Exchange Transactions

Taxes, Fees and Fines

The City Government of Trece Martires recognizes revenues from taxes and fines when the event occurs and the asset recognition criteria are met. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, liability is recognized instead of revenue. Other non-exchange revenues are recognized when it is improbable that the future economic benefit or service potential associated with the asset will flow to the entity and the fair value of the asset can be measured reliably.

Transfers from Other Government Entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the City and can be measured reliably.

Revenue from Exchange Transactions

Rendering of Services

The City recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labor hours incurred to date as a percentage of total estimated labor hours.

Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred.

Sale of Goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably and it is probable that the economic benefits or service potential associated with the transaction will flow to the City.

Interest Income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

Rental Income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

3.3 Investment Property

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property.

Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Subsequent to initial recognition, investment properties are measured using the cost model and are either depreciated over its economic life or subjected to impairment losses.

Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of derecognition. Transfers are made to or from investment property only when there is a change in use.

3.4 Property, Plant and Equipment (PPE)

All PPE are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of Property, Plant and Equipment are required to be replaced at intervals, the City recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration, the asset is initially measured at its fair value.

Depreciation on assets is charged on a straight-line basis over the useful life of the asset. Depreciation is charged at rates calculated to allocate cost or valuation of the asset less any estimated residual value over its remaining useful life.

The assets' residual values and useful lives are reviewed and adjusted prospectively, if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount, or recoverable service amount, if the asset's carrying amount is greater than its estimated recoverable amount or recoverable service amount.

The City derecognizes items of property, plant and equipment and/or any significant part of an asset upon disposal or when no future economic benefits or service potential is expected from its continuing use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the surplus or deficit when the asset is derecognized.

The Inventory Committee is yet to finalize the evaluation of the Public Infrastructures which were previously transferred to the Registry of Public Infrastructures. Hence, pending the results, these assets were not yet recognized in the books.

3.5 Leases

LGU as a Lessee

Finance leases are leases that transfer substantially all of the risks and benefits incidental to ownership of the leased item to the City. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the future minimum lease payments. The City also recognizes the associated lease liability at the inception of the lease. The liability recognized is measured as the present value of the future minimum lease payments at initial recognition. Subsequent to initial recognition, lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in surplus or deficit.

An asset held under a finance lease is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the City will obtain ownership of the asset by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the City. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term.

LGU as a Lessor

Leases in which the City does not transfer substantially all the risks and benefits of ownership of an asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognized over the lease term.

Rent received from an operating lease is recognized as income on a straight-line basis over the lease term. Contingent rents are recognized as revenue in the period in which they are earned.

3.6 Intangible Assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred.

The useful life of the intangible assets is assessed as either finite or indefinite. Intangible assets with a finite life are amortized over its useful life. Software is amortized for 10-20 years.

Intangible assets with a finite useful life are assessed for impairment whenever there is an indication that the asset may be impaired. The amortization period and the amortization method, or an intangible asset with a finite useful life, are reviewed at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on an intangible asset with a finite life is recognized in surplus or deficit as the expense category that is consistent with the nature of the intangible asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the surplus or deficit when the asset is derecognized.

Research and Development Cost

Research costs when incurred are treated as expenses. Development costs on an individual project are recognized as intangible assets when the Agency can demonstrate:

a) The technical feasibility of completing the asset so that the asset will be available for use or sale;

b) Its intention to complete and its ability to use or sell the asset;

c) How the asset will generate future economic benefits or service potential;

d) The availability of resources to complete the asset; and

e) The ability to measure reliably the expenditure during development.

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit.

3.7 Impairment of Non-Financial Assets

Impairment of Cash-Generating Assets

At each reporting date, the City assesses whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the City estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Where the carrying amount of an asset or the cash-generating unit (CGU) exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

Impairment losses of continuing operations, including impairment on inventories, are recognized in the statement of financial performance in those expense categories consistent with the nature of the impaired asset.

For assets, an assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the City estimates the asset's or cash-generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in surplus or deficit.

Impairment of Non-Cash-Generating Assets

The City assesses at each reporting date whether there is an indication that a non-cash-generating asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the City estimates the asset's recoverable service amount. An asset's recoverable service amount is the higher of the non-cash generating asset's fair value less costs to sell and its value in use.

Where the carrying amount of an asset exceeds its recoverable service amount, the asset is considered impaired and is written down to its recoverable service amount.

3.8 Financial Instruments

Financial Assets

Initial Recognition and Measurement

Financial assets are classified as financial assets at fair value through surplus or deficit, loans and receivables, held-to-maturity investments or available-for-sale financial assets, as appropriate. The City determines the classification of its financial assets at initial recognition.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognized on the trade date, i.e., the date that the City commits to purchase or sell the asset.

The financial assets include: cash and short-term deposits; trade and other receivables; loans and other receivables and quoted and unquoted financial instruments.

Subsequent Measurement

The subsequent measurement of financial assets depends on their classification.

Financial Assets at Fair Value through Surplus or Deficit

Financial assets at fair value through surplus or deficit include financial assets held for trading and financial assets designated upon initial recognition at fair value through surplus and deficit. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value through surplus or deficit are carried in the statement of financial position at fair value with changes in fair value recognized in surplus or deficit.

Loans and Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. Losses arising from impairment are recognized in the surplus or deficit.

Held-to-Maturity

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as held-to-maturity when the City has the positive intention and ability to hold it to maturity. After initial measurement, held-to-maturity investments are measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The losses arising from impairment are recognized in surplus or deficit.

Derecognition

The City derecognizes a financial asset or, where applicable, a part of a financial asset or part of a group of similar financial assets when:

a) The rights to receive cash flows from the asset have expired or is waived;

b) The City has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party; and either: (a) has transferred substantially all the risks and rewards of the asset; or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets

The City assesses at each reporting date whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include the following indicators:

a) The debtors or a group of debtors are experiencing significant financial difficulty;

b) Default or delinquency in interest or principal payments;

c) The probability that debtors will enter bankruptcy or other financial reorganization; and

d) Observable data indicates a measurable decrease in estimated future cash flows (e.g. changes in arrears or economic conditions that correlate with defaults)

Financial Assets Carried at Amortized Cost

For financial assets carried at amortized cost, the City first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the City determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognized are not included in a collective assessment of impairment.

If there is objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the assets carrying amount and the present value of estimated future cash flows (excluding future expected credit losses that have not yet been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate. If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate.

The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognized in surplus or deficit. If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognized, the previously recognized impairment loss is increased or reduced by adjusting the allowance account. If a future writeoff is later recovered, the recovery is credited to finance costs in surplus or deficit.

Financial Liabilities

Initial Recognition and Measurement

Financial liabilities within the scope of IPSAS 29 are classified as financial liabilities at fair value through surplus or deficit or loans and borrowings, as appropriate. The City determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings.

The financial liabilities include trade and other payables, bank overdrafts, loans and borrowings.

Subsequent Measurement

The measurement of financial liabilities depends on their classification.

Financial Liabilities at Fair Value through Surplus or Deficit

Financial liabilities at fair value through surplus or deficit include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through surplus or deficit.

Loans and Borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in surplus or deficit when the liabilities are derecognized as well as through the effective interest method amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount reported in the consolidated statement of financial position if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

Fair Value of Financial Instruments

The fair value of financial instruments that are traded in active markets at each reporting date is determined by reference to quoted market prices or dealer price quotations (bid price for long positions and ask price for short positions), without any deduction for transaction costs.

3.9 Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits as defined above, net of outstanding bank overdrafts.

3.10 Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and condition are accounted for, as follows:

a) Raw materials: purchase cost using the weighted average cost method;
b) Finished goods and work in progress: cost of direct materials and labor and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs.

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost.

Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the City.

3.11 Provisions

Provisions are recognized when the City has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where the City expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain.

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

Rehabilitation Liability

Rehabilitation costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognized as part of the cost of that particular asset. The cash flows are discounted at a current rate that reflects the risks specific to the rehabilitation liability. The unwinding of the discount is expensed as incurred and recognized in the statement of financial performance as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Contingent Liabilities

The City does not recognize a contingent liability, but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

Contingent Assets

The City does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the City in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset’s value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

3.12 Changes in Accounting Policies and Estimates

The City Government of Trece Martires recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

The City recognizes the effects of changes in accounting estimates prospectively by including in surplus or deficit.

3.13 Foreign Currency Transactions

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

3.14 Borrowing Costs

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further, borrowing costs are charged to the statement of financial performance.

3.15 Related Parties

The City regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the City, or vice versa. Members of key management are regarded as related parties and comprise the Mayor, Vice-Mayor, Sangguniang Panlungsod Members, Committee Officials and Members, Accountant, Treasurer, Budget Officer, General Services and all Chiefs of Departments/Divisions.

3.16 Service Concession Arrangements

The City analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements.

In particular, where a private party contributes an asset to the arrangement, the City recognizes that asset when, and only when, it controls or regulates the services the operator must provide together with the asset, to whom it must provide them, and at what price. In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the City also recognizes a corresponding liability, adjusted by a cash consideration paid or received.

3.17 Budget Information

The annual budget is prepared on the modified cash basis, that is, all planned costs and income are presented in a single statement to determine the needs of the City. As a result of the adoption of the Modified cash basis for budgeting purposes, there are basis, timing or entity differences that would require reconciliation between the actual comparable amounts and the amounts presented as a separate additional financial statement in the statement of comparison of budget and actual amounts. Explanatory comments are provided in the notes to the annual financial statements; first, the reasons for overall growth or decline in the budget are stated, followed by details of overspending or underspending on line items.

3.18 Significant Judgments and Sources of Estimation Uncertainty

Judgments

In the process of applying the City's accounting policies, management has made judgments, which have the most significant effect on the amounts recognized in the consolidated financial statements.

Operating Lease Commitments – as Lessor

The City Government of Trece Martires has entered into property leases of certain of its properties. The City has determined, based on an evaluation of the terms and conditions of the arrangements, (such as the lease term not constituting a substantial portion of the economic life of the commercial property) that it retains all the significant risks and rewards of ownership of the properties and accounts for the contracts as operating leases.

Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The City based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the City. Such changes are reflected in the assumptions when they occur.

Useful Lives and Residual Values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

a) The condition of the asset based on the assessment of experts employed by the Agency;

b) The nature of the asset, its susceptibility and adaptability to changes in technology and processes;

c) The nature of the processes in which the asset is deployed; and

d) Changes in the market in relation to the asset

Impairment of Non-Financial Assets – Cash-Generating Assets

The recoverable amount of cash-generating units and individual assets is determined based on the higher of value-in-use calculations and fair values less costs to sell. These calculations require the use of estimates and assumptions. It is reasonably possible that the assumptions will change, which may then impact management's estimations and require a material adjustment to the carrying value of tangible assets.

The City reviews and tests the carrying value of assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. Cash-generating assets are grouped at the lowest level for which identifiable cash flows are largely independent of cash flows of other assets and liabilities. If there are indications that impairment may have occurred, estimates of expected future cash flows are prepared for each group of assets. Expected future cash flows used to determine the value in use of tangible assets are inherently uncertain and could materially change over time.

Impairment of Non-Financial Assets – Non- Cash Generating Assets

The City reviews and tests the carrying value of non-cash-generating assets when events or changes in circumstances suggest that there may be a reduction in the future service potential that can reasonably be expected to be derived from the asset. Where indicators of possible impairment are present, the Agency undertakes impairment tests, which require the determination of the fair value of the asset and its recoverable service amount. The estimation of these inputs into the calculation relies on the use estimates and assumptions.

Any subsequent changes to the factors supporting these estimates and assumptions may have an impact on the reported carrying amount of the related asset.

Fair Value Estimation – Financial Instruments

Where the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be derived from active markets, their fair value is determined using valuation techniques including the discounted cash flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, judgment is required in establishing fair values. Judgment includes the consideration of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Provisions

Provisions were raised and management determined an estimate based on the information available. Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date, and are discounted to present value where the effect is material.

Held-to-Maturity Investments and Loans and Receivables

The City assesses its loans and receivables at the end of each reporting period. In determining whether an impairment loss should be recorded in surplus or deficit, the City evaluates the indicators present in the market to determine if those indicators are indicative of impairment in its loans and receivables.

Where specific impairments have not been identified, the impairment for trade receivables and loans and receivables is calculated on a portfolio basis, based on historical loss ratios, adjusted for national and industry-specific economic conditions and other indicators present at the reporting date that correlate with defaults on the portfolio. These annual loss ratios are applied to loan balances in the portfolio and scaled to the estimated loss emergence period.

3.19 Financial Instruments - Financial Risk Management

Credit quality

Credit quality is assessed risk of default attached to counterparties to which the City Government of Trece Martires extends credit and also those parties with whom the City invests. As such, the credit quality assessed extends to the customers, investments and banks servicing the City.

For financial statement purposes, the investments and balances with banks are limited to the investments, loans receivable and cash and cash equivalents line items in the statement of financial position. The City follows Department Order No. 27-05 of the Department of Finance (DOF) in the maintenance of depository accounts. It also determines credit quality of the investments and banks using information obtained from external rating agencies.

The City Government of Trece Martires, as a local government authority, is mandated under Republic Act No. 7160 or the Local Government Code to provide basic services to all its constituents irrespective of their financial standing. As such, the City is required, by legislation, to extend services and extended payment terms to all customers irrespective of their financial standing.

Investments

The City limits its exposure to credit risk by investing with only reputable financial institutions that have a sound credit rating, which are within the specific guidelines set in accordance with the City Finance Committee and the Sanggunian approved investment policy. Consequently, the City does not consider there to be any significant exposure to credit risk.

Receivables

Receivables are amounts owed by consumers, and are presented net of impairment losses. The City is compelled, by its constitutional mandate, to provide all of its residents with basic minimum services, without recourse to an assessment of creditworthiness.

Cash and Cash Equivalents

The City limits its exposure to credit risk by investing cash and cash equivalents with only reputable financial institutions that have a sound credit rating, and within specific guidelines set in accordance with the Sanggunian's approved investment policy.

Liquidity Risk

Liquidity risk is the risk of the City not being able to meet its obligations as they fall due. The City's approach to managing liquidity risk is to ensure that sufficient liquidity is available to meet its liabilities when due, without incurring unacceptable losses or risking damage to the City's reputation.

Capital Management

The primary objective of managing the City Government of Trece Martires's capital is to ensure that there is sufficient cash available to support the City's funding requirements, including capital expenditure, to ensure that the City remains financially sound. The City monitors capital using a gearing ratio, which is net debt, divided by total capital, plus net debt. Included in net debt are interest-bearing loans and borrowings, payables, less investments.

Currency Risk

The City Government of Trece Martires is not exposed to foreign-currency risk.

Market risk

Market risk is the risk of changes in market prices, such as foreign exchange rates and interest rates, affecting the City's income or the value of its financial instrument holdings. The objective of market risk management is to manage and control market
risk exposures within acceptable parameters, while optimizing the return on the risk.

Note 4 - Cash and Cash Equivalents

This is comprised of the following:

		CY 2024		CY 2023
Cash on Hand				
Cash-Local Treasury	₱	600,090.50	₱	10,093,607.84
Cash in Bank - Local Currency				
Cash in Bank-Local Currency, Current Account		1,668,600,605.49		1,471,985,569.06

Awards and Rewards Payable totaling ₱500,000.00 pertains to awards granted in recognition of civic or professional achievement and of rewards to informers for the receipt of reliable information, while Retirement Gratuity Payable amounting to ₱893,325.74 are retirement gratuity benefits due to government personnel.

The Loans Payable-Domestic represents the balances of loans from the Philippine Veterans Bank (PVB) and LBP as follows:

Fund	Loan Release Date	Outstanding Balance, CY 2023	Outstanding Balance, CY 2024	Term	Purpose/ Project
General Fund	03/22/2016	₱ 20,129,037.95	₱ 11,182,799.03	10 years	Construction of Public Cemetery

Fund	Loan Release Date	Outstanding Balance, CY 2023	Outstanding Balance, CY 2024	Term	Purpose/ Project
General Fund	12/29/2016	22,559,299.31	12,532,944.23	10 years	Construction of Public Cemetery
General Fund	12/21/2018	9,152,558.14	5,084,754.46	10 years	Construction of Public Cemetery
General Fund	12/20/2016	4,773,530.83	3,182,353.87	10 years	Construction of Covered Courts in Various Barangays
General Fund	04/04/2018	3,976,830.75	2,651,220.63	10 years	Construction of Covered Courts in Various Barangays
General Fund	23/10/2018	2,815,565.21	1,970,895.65	7 years	Construction of Gymnasium
General Fund	17/04/2019	4,225,879.34	2,958,115.46	7 years	Construction of Gymnasium
General Fund	19/11/2019	3,839,646.86	2,687,752.70	7 years	Construction of Gymnasium
General Fund	05/07/2024	0.00	400,000,000.00	15 years	To finance acquisition of lots with an aggregate land area of 5 hectares to be used for the construction of the City Government Buildings of Trece Martires, Cavite
Total		**₱ 71,472,348.39**	**₱ 442,250,836.03**		

The current and non-current portion of the abovementioned loans are as follows:

	Current	Non-current	Total
Loans Payable-Domestic	₱ 29,221,512.36	₱ 413,029,323.67	**₱ 442,250,836.03**

Note 14 - Inter-Agency Payables

These include the following accounts:

Inter-Agency Payables	CY 2024	CY 2023
Due to GSIS	₱ 209,441.59	₱ 388,056.29
Due to Pag-IBIG	805.97	3,190.18
Due to PhilHealth	43,493.03	19,711.74
Due to Other NGAs	52,673,277.35	31,262,110.65
Total	**₱ 52,927,017.94**	**₱ 31,673,068.86**

The amount payable to GSIS, Pag-IBIG, and PhilHealth pertains to the unremitted loan repayments and premiums of the employees as of December 31, 2024. Balances of the accounts pertain to the following:

Due to GSIS		Amount
Personal Share (PS) and Government Share (GS)	₱	182,836.35
Emergency/Calamity Loan		7,788.84
Multi-Purpose Loan - Lite		3,266.67
Multi-Purpose Loan		14,566.40
Computer Loan		983.33
Total	₱	**209,441.59**

Due to GSIS amounting to ₱182,836.35 pertains to personal and government share of the employees which were unremitted as of December 31, 2024 due to discrepancies from the monthly electronic billing received from GSIS and the amount withheld by the Human Resource Office.

Personal and government share of Pag-IBIG premium as of December 31, 2024 amounting to ₱805.97 pertains to the premium withheld from the first salary of newly hired employees which were recorded as accounts payable at year end.

Personal and government share of PhilHealth premium as of December 31, 2024 amounting to ₱43,493.03 pertains to the premium withheld from the first salary of newly hired employees and employees which were recorded as accounts payable at year end.

The unpaid premiums and loan payments due to GSIS, Pag-IBIG and PhilHealth were remitted to the respective agencies on February 10, 2025, along with the premiums withheld from January 2025 payrolls.

Due to NGAs includes the following:

Particulars		Amount
Due to NGAs (GF)		
Commission on Higher Education (CHED)-Tertiary Education Subsidy	₱	82,140.00
CHED-Tertiary Education Subsidy (Administrative Support Cost)		8,495.50

Part II -
OBSERVATIONS AND RECOMMENDATIONS

OBSERVATIONS AND RECOMMENDATIONS

1. BRS were not prepared and submitted to the COA Auditor on a monthly basis, together with the necessary supporting documents. Furthermore, JEVs to record all valid reconciling items that require adjustments and corrections in the books were only drawn in the subsequent month, contrary to Section 74 of the P.D. No. 1445 and COA Circular No. 96-011 dated October 20, 1996, thus, affecting the fair presentation of the financial statements and casting doubt in the reliability and accuracy of the Cash in Bank account's balances totaling ₱182,040,457.45.

Section 74 of Presidential Decree (P.D.) No. 1445, otherwise known as the Government Auditing Code of the Philippines, provides that at the close of each month, depositories shall report to the agency head, in such form as he may direct, the condition of the agency account standing on their books. The head of the agency shall see to it that reconciliation is made between the balance shown in the reports and the balance found in the books of the agency.

Commission on Audit (COA) Circular No. 96-011 dated October 20, 1996 was issued to modify Provincial Circular No. 19 dated June 15, 1970 and to redefine the duties and responsibilities of the Provincial/City/Municipal Accountants and Treasurers, and the Local Field Auditors concerned, specifically on the preparation of Bank Reconciliation Statements (BRS). The Circular provided the following provisions:

"Item 3.3 The accountant shall draw journal vouchers to record all valid reconciling items that require adjustment and correction in the GL.

Item 3.4 The duplicate and quadruplicate copies of the BRS including the paid checks, original copies of debit/credit memos shall be submitted to the Auditor concerned for verification within ten (10) days after the end of each month."

The Statement of Financial Position (SFPos) of the City as of December 31, 2024 showed account balances of Cash in Bank - Local Currency, Current Account totaling ₱1,668,600,605.49. The details by fund are shown below:

Fund	Servicing Bank	Account Number		Amount
General Fund	Land Bank of the Philippines (LBP)	2052-1000-30	₱	976,964,822.18
	LBP	2052-1033-07		26,875,296.42
	Philippine Veterans Bank (PVB)	0018-001055-002-018010000741		322,648,764.30
Special Education Fund	LBP	2052-1002-78		6,392,191.45
	PVB	0018-006653-002-018010001181		180,554,370.11
Trust Fund	LBP	2052-1002-60		55,209,222.35
	LBP	2052-1032-00		1,058,003.00
	LBP	2052-1031-96		12,677,271.64
	PVB	0018-006651-002-018010001172		86,220,664.04
	Total		**₱**	**1,668,600,605.49**

The Cash in Bank - Local Currency, Current Account of the City consists of nine depository accounts maintained at Land Bank of the Philippines (LBP) - Trece Martires City Branch and Philippine Veterans Bank (PVB) - Imus City Branch. Upon confirmation and checking, it was disclosed that of the total depository accounts, five bank accounts with the total General Ledger (GL) balance of ₱182,040,457.45 were not supported with BRSs, as shown below:

Fund	Servicing Bank	Account Number	Months with Unsubmitted BRS		Amount
General Fund	LBP	2052-1033-07	January to December 2024	₱	26,875,296.42
Trust Fund	LBP	2052-1002-60	January to December 2024		55,209,222.35
	LBP	2052-1032-00	January to December 2024		1,058,003.00
	LBP	2052-1031-96	January to December 2024		12,677,271.64
	PVB	0018-006651-002-018010001172	January to December 2024		86,220,664.04
	Total			**₱**	**182,040,457.45**

It was further discovered that since the bank reconciliation statements were not prepared on a monthly basis, the submitted BRSs consisted only of copies of monthly bank statements, while copies of paid checks and original copies of debit and credit memoranda were not included. Moreover, review of the submitted General Journals (GJ) revealed that Journal Entry Vouchers (JEVs) for valid reconciling items that require adjustments and corrections in the books, such as credit memoranda, were set-up in the following month, but no JEV was drawn for the debit memoranda, hence, the reliability and accuracy of the reported Cash in Bank balances could not be established.

The inability to prepare and submit BRS on a monthly basis, along with the relevant supporting documents, and to draw JEVs to take up all valid reconciling items requiring adjustments and corrections in the books, has an impact in determining the reliability and accuracy of the Cash in Bank account's balances.

We recommended that the City Mayor require the City Accountant to prepare the BRS and submit copies, with all of the necessary supporting documents, to the Audit Team for verification, within 10 days after the end of each month, as well as to draw JEVs to take up all valid reconciling items requiring adjustments and corrections in the books in their corresponding months, to ensure the reliability and accuracy of the Cash in Bank accounts.

Management’s Comments:

The City Accountant admitted that the Trece Martires City College (TMCC) special account and other trust accounts totaling ₱182,040,457.45 were not supported with BRSs and were only submitted on March 4, 2025 as a follow through. Moreover, JEVs for the valid reconciling items such as debit and credit memoranda (D/CM) were taken up regularly.

Auditor’s Rejoinder:

It was observed that valid reconciling items that required adjustments and corrections in the books, such as CM, were set-up in the following month rather than the month in which they occurred, and no JEVs for the DM were determined. It is highly recommended that copies of the JEVs drawn for the DM/CM be included as essential documents in the preparation of monthly BRSs to ensure the timely and efficient verification of the reports submitted to the COA.

2. The reliability and accuracy of the PPE accounts as of December 31, 2024 remained doubtful due to: (a) discrepancies totaling ₱15,644,743.89 between the accounting records and the RPCPPE; (b) various inconsistencies in the recording of the Land account; (c) inclusion of several items with costs below ₱50,000.00; (d) inclusion of PPE items with no acquisition costs; and (e) non-maintenance of PPELCs and RPLC, contrary to the pertinent provisions of the MNGAS for LGUs and Section 4.1 of COA Circular No. 2022-004 dated May 31, 2022.

Section 120, Volume I of the Manual of the New Government Accounting System (MNGAS) for Local Government Units (LGUs) provides that the Chief Accountant shall maintain Property, Plant and Equipment Ledger Cards (PPELCs) for each category of assets and Real Property Ledger Cards (RPLC) for land.

Relevant provisions from Volume II of the same Manual provide:

> ***"Sec. 13. Property, Plant and Equipment Ledger Card (PPELC).*** *– The Property, Plant and Equipment Ledger Card (Annex 9) is a subsidiary ledger to be kept for each class of property, plant and equipment which shall record the acquisition, description, custody, estimated life, rate of depreciation, disposal and other information about the property, plant and equipment, based on the source documents of the transactions.*
>
> ***Sec. 15. Real Property Ledger Card (RPLC).*** *– The Real Property Ledger Card (Annex 11) is a subsidiary ledger card to be kept for each real property (land) which record the property description, location, acquisition cost, additions, and disposition."*

Section 4.1 of Commission on Audit (COA) Circular No. 2022-004 dated May 31, 2022, which prescribes the guidelines on the implementation of Section 23 of the General Provisions of Republic Act (R.A.) No. 11639 also known as the General Appropriations Act (GAA) for Fiscal Year (FY) 2022 relative to the increase in the capitalization threshold from ₱15,000.00 to ₱50,000.00 states:

> *"4.1 Tangible items which meet the definition and recognition criteria of PPE but cost is below Fifty Thousand Pesos (₱50,000.00) shall be accounted in the books of accounts of the agencies as semi-expendable property. This shall be supported by the issuance of the Inventory Custodian Slip (ICS) to establish accountability of the end-users. ICS shall be issued to the end-user and shall be renewed every three years or every time there is a change in custodianship/user of the property. The threshold shall be applied on an individual asset of per item basis. Each item within the bulk acquisition such as library books, small equipment, computer peripherals, work animals, and the like, will need to meet the amount below ₱50,000.00 to be recognized as semi-expendable property."*

In Calendar Year (CY) 2023, the City availed of the one-time cleansing of Property, Plant and Equipment (PPE). Per Physical Inventory Plan (PIP), the inventory taking activities was scheduled from May 22, 2023 to July 22, 2023. However, the actual inventory taking procedure was conducted from May 22, 2023 up to December 15, 2023, which was more than the prescribed three months duration, due to the period extension requested by the Inventory Committee to the City Mayor through two letters dated August 16, 2023 and November 24, 2023.

Reconciliation between the Statement of Financial Position (SFPos) and accounting records submitted by the City Accounting Office (CAO) and the Report of Physical Count of Property, Plant and Equipment (RPCPPE) from the City General Services Office (CGSO) showed a difference of ₱15,644,743.89, as detailed in ***Annex F*** and summarized below:

PPE Accounts	Per Report of Physical Count of Property, Plant and Equipment (RPCPPE)	Per Statement of Financial Position (SFPos)/ Subsidiary Ledger (SL)	Difference (A-B)
Land	₱ 661,173,139.91	₱ 661,173,139.91	0.00
Other Land Improvements	64,973,615.79	64,973,615.79	0.00
Road Networks	292,448,310.36	292,448,310.36	0.00

Total	**₱ 2,960,710,065.37**	**₱ 2,976,354,809.26**	**₱ (15,644,743.89)**

Review of the updated list of parcels of land from the CGSO and CAO and necessary documents disclosed the following, as discussed on the next page:

a. Due to lack of relevant documents and records, the completeness and accuracy of the Land account balance of ₱661,173,139.91 as of December 31, 2024 was doubtful due to the following:

   i. Four lots donated to the City by various private individuals between CYs 1998 to 2022, with Deeds of Donation, remained unrecorded in the books and the RPCPPE as of year-end. It was revealed that the CAO lacked the necessary documents for the lots, while the CGSO, despite having the records, failed to include them in the RPCPPE. Details are shown below:

Item	Document on File	Donor/ Donee	Particulars
1	Donation for Real Property Intervivos dated January 28, 1998	Donor: Teodulo Alcantara married to Ines Ciudad, Donee: represented by Prudencio M. Panganiban	463 square meter (sq. m.) lot situated in Barangay Luciano under Comminity Tax Certificate (CTC) No. T-189769 and 189771, 674 sq. m. lot
2	Donation for Real Property Intervivos - not notarized	Isaias Nuestro married to Anita Nueva, Donee: represented by Prudencio M. Panganiban	467 sq. m. lot situated in Barangay Lapidario under CTC No. T-59096
3	Donation for Real Property Intervivos dated February 12, 1999	Donor: Romana Sagrado Gandionco married to Jamie Gandionco, Donee: represented by Prudencio M. Panganiban	931 sq. m. lot situated in Barangay Cabuco under CTC No. T-4217
4	Deed of Donation dated 2002	Donor: Development Bank of the Philippines (DBP), Donee: Government of Trece Martires City	16,921 sq. m. lot for the construction of school buildings for the benefit of the residents of Kasiglahan Village 3, Summerfield Subdivision, (with token amounting to ₱6,000,000.00 payable over two years at six percent per annum)

   ii. Despite being owned and registered in the name of the City, evidenced by Transfer Certificates of Title (TCT) and/or Tax Declarations (TaxDec), 16 parcels of land with total market value of ₱59,833,340.00 and total assesed value of ₱34,630,510.00 ***(Annex G)*** were still unrecorded in the books of accounts and the CGSO's RPCPPE.

   iii. Survey costs totaling ₱183,223.65 were separately itemized in the reports, yet they cannot be associated with any of the parcels of land owned by the City, thus, the validity of these records cannot be determined. Details are shown below:

Date	***Land Account per Accounting Records***		***Amount***
6/30/59	Add Entry V-881	₱	13.50
8/21/59	F. Viray Parcel of Land (ABMH)		500.00
1/18/61	F. Figueroa, 840 sq.m. parcel of land		1,008.00
11/07/61	R. Dela Cruz Survey		400.00
6/6/62	E. Alarca TEV		9.10
10/15/65	C. Erni Parcel of Land		20,000.00
1965	F. Figueroa survey		25,000.00
1966	F. Viray Survey		28,009.00
1970	P. Dela Cruz Survey		20,000.00
1975	C. Erni Survey		38,500.00
1976	E. Alarca Survey		19,684.00
1980	F. Viray Survey		30,100.05
Total		₱	**183,223.65**

iv. Five road lots totaling ₱1,745,600.00 were still erroneously recorded as Land, instead of Road Networks account, hence overstating the Land account and understating the Road Networks account by the same amount, to wit:

Item	Date Acquired	Land Account per Accounting Records	Amount
1	10/12/1999	128 sq. m. road lot, Brgy. Luciano	₱ 89,600.00
2	10/12/1999	1,100 sq. m. road lot, Brgy. Luciano	220,000.00
3	07/17/2003	320 sq. m. road lot, Brgy. Luciano	160,000.00
4	11/11/2003 to 03/11/2003	1,600 sq. m. road lot, Brgy. San Agustin	550,000.00
5	12/08/2004	Road lot, Brgy. Gregorio	726,000.00
Total			**₱ 1,745,600.00**

v. Eleven parcels of land totaling ₱37,029,320.00 ***(Annex H)*** were recorded in the books and the RPCPPE, although documents of ownership such as Deeds of Sale, Deeds of Donation and/or TCT were not on file.

vi. Fifteen parcels of land acquired from CYs 1993 to 2023 totaling ₱101,108,895.48 ***(Annex I)*** were evidenced by Deeds of Sale and included in the books and the RPCPPE, but upon verification by the Audit team, were not yet registered or transferred in the City's name.

b. Thirty-five items with costs less than ₱50,000.00 per item totaling ₱93,815.00 were still included as PPE rather than reclassifying them to semi-expendable properties. Details of which are as follows:

A. Communication Equipment

Date Acquired	Particulars	Unit Cost	Quantity	Amount
2022	Light controller	₱ 9,990.00	1	₱ 9,990.00
2022	Extension core (reel tape)	7,995.00	1	7,995.00
2022	Male connector	645.00	10	6,450.00
2022	Female connector	645.00	10	6,450.00
2022	Light stand	4,990.00	1	4,990.00
2022	Speaker stand, Tripod type	2,995.00	2	5,990.00
2022	Rechargeable batteries, size AA	295.00	8	2,360.00
2022	Power inverter	19,990.00	1	19,990.00
	Sub-total		**34**	**₱ 64,215.00**

B. Sports Equipment

Date Acquired	Particulars	Unit Cost	Quantity	Amount
2012	Fiber glass basketball frame with angel bar with complete set of rings and nets	29,600.00	**1**	**₱ 29,600.00**
	Total		**35**	**₱ 93,815.00**

c. A total of 47 items from the Machinery and Equipment, Motor Vehicles, Furniture and Fixtures and Other PPE accounts did not include acquisition costs, as shown in ***Annex F***.

d. Inquiry with the CAO personnel revealed that they did not maintain the PPELCs for the PPE accounts, as well as the RPLC for the Land account. Instead, the lapsing schedules for the depreciation of PPE and the subsidiary ledgers were used as their reference for the PPEs. Therefore, the custody and the reference pertaining to the source documents of the recorded PPE were not indicated.

Despite the one-time cleansing of PPE conducted by the City, the non-reconciliation of the amounts, as well as the inconsistencies noted during the review of the records and reports prepared and maintained by the CGSO and CAO, undermined the reliability and accuracy of the reported PPE balances at year-end.

We recommended that the City Mayor direct the:

a. OIC-CGSO and the City Accountant to reconcile their records of PPE and ensure that differences between the RPCPPE, and the PPE balances presented in the SFPos and accounting records be resolved;

b. OIC-CGSO and the City Accountant, in collaboration with the OIC-City Assessor's Office, to identify all the parcels of land owned by the City, including the determination of the specific lots with which the survey costs were associated, obtaining copies of proofs of ownership of the aforementioned 11 lots, facilitating the registration and transfer of the land titles of the acquired lots from the previous owners to the City Government, and ensuring that these properties are properly accounted for in the books and the inventory reports;

c. City Accountant to reclassify the road lots totaling ₱1,745,600.00 from the Land account to the Road Networks account, and the PPE items totaling ₱93,815.00 to the semi-expendable properties account;

d. OIC-CGSO, in coordination with the Inventory Committee, to determine the acquisition costs of the 47 PPE items enumerated in the Machinery and Equipment, Motor Vehicles, Furniture and Fixtures and Other PPE accounts; and

e. City Accountant to ensure that the PPELCs and RPLC are prepared, which include relevant details about the PPE, such as the custody and/or end-user of the PPE and the reference pertaining to the source documents of the recorded PPE as of year-end.

Management's Comments:

Concerned personnel from both offices are working closely together to reconcile the seven accounts with reported discrepancies, and initial findings indicate that the difference was due to Accounts Payable taken up in the books.

The concerned offices will collaborate to identify all the parcels of land owned by the City, which must be supported by proofs of ownership such as Deeds of Donation and TCTs, before taking up these lots in the books. Additionally, they will exert efforts to identify the specific lots with which the survey costs were related and shall be capitalized as part of the costs.

The CAO will implement the audit recommendation to transfer ₱1,745,600.00 from the Land account to the Road Networks account. However, the office will review the PPE items of ₱93,815.00 since they may be purchased as part of a set.

The 47 PPE items without acquisitions costs listed in the Machinery and Equipment, Motor Vehicles, Furniture and Fixtures and Other PPE accounts will be reviewed as they may be purchased as part of a set, determining whether these items should be recorded as PPE or Semi-expendable properties.

The CAO will comply with the requirements of the MNGAS for LGUs by inserting additional columns for the custody and source documents to the existing SLs.

3. Discrepancies noted between the RPCI and the accounting records totaling ₱66,791,754.52, and the non-maintenance of complete stock cards of supplies and inventories by the CGSO were contrary to Sections 111 and 122 of P.D. No. 1445 and MNGAS for LGUs. Thus, the validity, existence and accuracy of the year-end balances of the Inventory accounts in the financial statements could not be fully ascertained.

Section 2 of Presidential Decree (P.D.) No. 1445, otherwise known as the State Audit Code of the Philippines, provides that it is the declared policy of the State that all resources of the government shall be managed, expended or utilized in accordance with law and regulations, and safeguarded against loss or wastage through illegal or improper disposition, with a view to ensuring efficiency, economy and effectiveness in the operations of government. The responsibility to take care that such policy is faithfully adhered to rests directly with the chief or head of the government agency concerned.

Item 1 of Section 111, and Section 122 of Chapter 3 of the aforementioned P.D. further stated:

> *"Section 111. Keeping of accounts.*
>
> *1. The accounts of an agency shall be kept in such detail as is necessary to meet the needs of the agency and at the same time be adequate to furnish the information needed by fiscal or control agencies of the government.*
>
> *Section 122. Submission of reports. Whenever deemed necessary in the exigencies of the service, the Commission may under regulations issued by it require the agency heads, chief accountants, budget officers, cashiers, disbursing officers, administrative or personnel officers, and other responsible officials of the various agencies to submit trial balances, physical inventory reports, current plantilla of personnel, and such other reports as may be necessary for the exercise of its functions. (2) Failure on the part of the officials concerned to submit the documents and reports mentioned herein*

shall automatically cause the suspension of payment of their salaries until they shall have complied with the requirements of the Commission. (3) No appropriation authorized in the General Appropriations Act shall be available to pay the salary or any official or employee who violates the provisions of this section, without prejudice to any disciplinary action that may be instituted against such official or employee."

Moreover, the following are the pertinent provisions of Manual on the New Government Accounting System (MNGAS) for Local Government Units (LGUs) on Inventories:

<u>MNGAS for LGUs, Volume I</u>

"Sec. 119. Property Records to be Maintained. – *The General Services Officer or the Local Treasurer, as the case maybe, shall number each type of supplies and maintain Stock Cards per stock number. Xxx*

Sec. 124. Inventory of Supplies or Property. – *The local chief executive shall require periodic physical inventory of supplies or property. Physical count of inventory items by type shall be conducted semestrally and reported in the Report of the Physical Count of Inventories (RPCI). This shall be submitted to the Auditor concerned not later than July 31 and January 31 of each year for the first and second semesters, respectively."*

<u>MNGAS for LGUs, Volume II</u>

"Sec. 56. Report on the Physical Count of Inventories (RPCI). – *The Report on the Physical Count of Inventories (Annex 48) shall be used to report the physical count of supplies by type of inventory as of a given date. It shows the balance of inventory items per cards and per count and shortage/overage, if any."*

Review of Subsidiary Ledgers (SLs) and RPCI submitted by the City Accounting Office (CAO) and City General Services Office (CGSO), respectively, revealed a discrepancy totaling ₱66,791,754.52 for Calendar Year (CY) 2024. Details of which are presented below:

	Per Subsidiary Ledger	Per RPCI	Difference
Inventory Held for Sale			
Merchandise Inventory	₱ 15,891,732.50	₱ 15,891,732.50	0.00
Inventory Held for Distribution			
Food supplies for Distribution	6,254,650.00	0.00	₱ 6,254,650.00
Welfare Goods for Distribution	4,125,234.00	0.00	4,125,234.00
Textbook and Instructional Materials for Distribution	3,927,000.00	0.00	3,927,000.00
Other Supplies and Materials for Distribution	3,904,469.00	0.00	3,904,469.00
Property and Equipment for Distribution	3,569,168.87	0.00	3,569,168.87
Inventory Held for Consumption			
Office Supplies Inventory	4,171,144.20	0.00	4,171,144.20
Animal/Zoological Supplies Inventory	194,133.00	0.00	194,133.00
Drugs and Medicine Inventory	5,129,431.30	7,052,979.82	1,923,548.52
Fuel, Oil and Lubricants Inventory	150,760.00	0.00	150,760.00
Military, Police and Traffic Supplies	519,800.00	0.00	519,800.00
Chemical and Filtering Supplies Inventory	489,874.00	0.00	489,874.00
Construction Materials Inventory	298,890.00	0.00	298,890.00
Other Supplies and Materials Inventory	23,492,660.44	1,337,616.70	22,155,043.74

	Per Subsidiary Ledger	Per RPCI	Difference
Semi-expendable - Machinery and Equipment			
Semi-expendable - Machinery	135,000.00	0.00	135,000.00
Semi-expendable - Office Equipment	166,962.00	0.00	166,962.00
Semi-expendable - Information and Communications Technology	1,637,844.00	0.00	1,637,844.00
Semi-expendable - Agricultural and Forestry Equipment	366.00	0.00	366.00
Semi-expendable - Communications Equipment	376,694.00	0.00	376,694.00
Semi-expendable - Disaster Reponse and Rescue Equipment	198,900.00	0.00	198,900.00
Semi-expendable - Medical, Dental and Laboratory Equipment	152,290.00	0.00	152,290.00
Semi-expendable - Sports Equipment	54,791.00	0.00	54,791.00

Semi-expendable - Furniture, Fixtures and Books			
Semi-expendable - Furniture and Fixtures	9,343,880.04	0.00	9,343,880.04
Semi-expendable - Books	2,161,373.40	0.00	2,161,373.40
Total	**₱ 87,226,986.50**	**₱ 24,282,329.02**	**₱ 66,791,754.52**

The Audit Team attempted to reconcile the noted discrepancies through comparisons of submitted documents such as the Statement of Financial Position, RPCIs and stock cards as of December 31, 2024, but was unable to determine the unreconciled items due to the non-maintenance and non-submission of complete stock cards of supplies and inventories. It was also observed that the CGSO was only able to provide six stock cards for three inventory accounts with several inventory items included in the accounts: Welfare Goods for Distribution, Other Supplies and Materials Inventory (including Electrical Supplies, Computer Supplies, and Janitorial Supplies), and Office Supplies Inventory. Furthermore, the physical count of inventory items by type was conducted only once in CY 2024, and the RPCI was submitted for the entire year, rather than for two semesters.

Unless the discrepancies of ₱66,791,754.52 between the recorded inventories per books of accounts and the RPCI are reconciled, the validity, existence and accuracy of Inventory accounts totaling ₱87,226,986.50 will continue to remain doubtful.

We recommended that the City Mayor direct the:

a. **OIC-CGSO to prepare stock cards of all inventory accounts for proper monitoring of receipts, issuance and balances of inventory items, and to conduct the physical count of inventory items, prepare and submit the RPCI to the Auditor concerned not later than July 31 and January 31 of each year for the first and second semesters, respectively; and**

b. **OIC-CGSO and City Accountant to reconcile their Inventory records to establish the correct and reconciled balances of inventory accounts to be presented in the financial statements.**

Management's Comments:

The CGSO exerts effort in updating and reconciling the inventory records with the accounting records, as well as the stock cards for supplies and materials inventory.

The CGSO and CAO began reconciling the inventory records with the accounting records, taking into account that the discrepancies were accounted as Accounts Payable as of year-end.

4. Completed and ongoing projects totaling ₱45,841,038.60 were not recorded as payables at year-end, contrary to IPSAS 1 and 19, thereby understating the Accounts Payable, PPE and CIP accounts by ₱20,181,455.93 and ₱25,659,582.67, respectively.

The International Public Sector Accounting Standards (IPSAS) provides the following:

- IPSAS 1, Paragraph 27 provides that, "*Financial Statements shall present fairly the financial position, financial performance, and cash flows on an entity. Fair presentation requires the faithful representation of the effects of transaction, other events, and conditions in accordance with the definitions and recognition criteria for assets, liabilities, revenue, and expenses set out in IPSASs. The application of IPSASs, with additional disclosures when necessary, is presumed to result in financial statements that achieve a fair presentation.*"

- IPSAS 1, Paragraph 7 defines liabilities as present obligations of the entity arising from past events, the settlement of which is expected to result in an outflow from the entity of resources embodying economic benefits or service potential.

- IPSAS 19, Paragraph 19 defines Accruals are liabilities to pay for goods or services that have been received or supplied, but have not been paid, xxx including amounts due to employees (for example, amounts relating to accrued vacation pay).

Verification of the City Engineering Office's (CEO) Report of Government Programs/Projects/Activities (GPPAs) as of December 31, 2024, for Calendar Year (CY) 2024, revealed that eight infrastructure projects had been completed and the remaining 15 were still ongoing as of year-end with a total contract cost of ₱108,166,850.12.

The Audit Team requested the submission of Journal Entry Vouchers (JEVs) for the infrastructure projects listed in the Report of GPPAs. Verification of the submitted documents revealed that ₱68,711,584.54 of the total contract cost has been incurred as of year-end. Furthermore, only ₱22,870,545.94 of the total costs incurred to date were recorded as payables, thereby resulting in an understatement of Accounts Payable, related Property, Plant and Equipment (PPE) accounts and Construction in Progress (CIP) account by ₱45,841,038.60, ₱20,181,455.93 and ₱25,659,582.67, respectively. Details of which are presented in ***Annex J***.

Inquiry with the City Accounting Office (CAO) revealed that they had not received a report from the CEO indicating the status of project completion as of year-end, and that progress payments were only recorded once the contractors filed progress billings/claims for work accomplishments.

We recommended that the City Mayor to:

a. **Instruct the City Accountant in coordination with the CEO, to prepare the necessary adjusting entries to reflect the unrecorded Accounts Payable, the related PPE accounts, and the CIP account of ₱45,841,038.60, ₱20,181,455.93 and ₱25,659,582.67, respectively; and**

b. **Require the CEO to submit to the CAO the Status of Completion of Infrastructure Projects as of year-end to ensure that all unpaid completed and ongoing infrastructure projects are recorded in the books of accounts to reflect the correct balances of Accounts Payable and the counterpart asset accounts at year-end.**

Management's Comments:

The CAO requested a copy of the List of Payables for CY 2024 Infrastructure Projects as of December 31, 2024 from the CEO, which only included six CIP accounts out of 23 projects.

The CEO consistently and timely submits Quarterly Reports on Government Programs, Projects and Activities (GPPAs). On February 21, 2025, the CAO requested a copy of the List of Payables for CY 2024 Infrastructure Projects as of December 31, 2024, and the CEO provided it.

Auditor's Rejoinder:

As a prior year audit observation, no adjusting entry to reflect the unrecorded Accounts Payable, the related PPE accounts, and the CIP account, was submitted to the Audit Team. Moreover, it was disclosed that completed and ongoing projects that were not recognized as accounts payable as of December 31, 2023 remained unrecorded and were only paid in CY 2024 since they were one-time payment projects.

5. **The existence and accuracy of Biological Assets account in the books totaling ₱745,846.20 could not be ascertained due to: (a) erroneous recording of these assets at acquisition costs instead of fair market value less cost to sell; (b) composition discrepancies noted in the SL and Report on the Physical Count of Property, Plant and Equipment submitted by the CAO and the CGSO, respectively; and (c) the inclusion of 12 breeding cattle which have been reported deceased as of year-end, while the condition of the remaining breeding stocks were unknown, contrary to Section 111 of P.D. No. 1445 and Paragraphs 16 and 30 of the IPSAS 27.**

Section 111 of Presidential Decree (P.D.) No. 1445, otherwise known as the Government Auditing Code of the Philippines provides:

> *"The accounts of an agency shall be kept in such detail as is necessary to meet the needs of the agency and at the same time be adequate to furnish the information needed by fiscal or control agencies of the government and the highest standards of honesty, objectivity and consistency shall be observed in the keeping of accounts to safeguard against inaccurate or misleading*

information."

Paragraphs 16 and 30 of the International Public Sector Accounting Standards (IPSAS) 27 states that a Biological Asset shall be measured on initial recognition and at each reporting date at its fair value less cost to sell. A gain or loss arising on initial recognition of a biological asset at fair value less costs to sell and from a change in fair value less costs to sell of a biological asset shall be included in surplus or deficit for the period in which it arises.

Review of the Statement of Financial Position (SFPos) and accompanying Notes to Financial Statements (NFS) as of December 31, 2024 showed that the Biological Asset account had a balance of ₱745,846.20 which consisted of breeding stocks recorded at acquisition costs, summarized as follows:

Particulars	Qty.	Acquistion Cost	Date of Purchase	Amount
Breeding Swine	5	₱ 5,000.00	17-Mar-1995	₱ 25,000.00
Breeding Swine	5	5,000.00	24-Nov-1995	25,000.00
Breeding Cattle	4	14,250.00	1-Mar-1995	57,000.00
Breeding Cattle	6	12,307.70	4-May-2010	73,846.20
Breeding Cattle	2	35,000.00	22-Jul-2011	70,000.00
Breeding Cattle	11	45,000.00	6-Apr-2020	495,000.00
Total	**33**			**₱ 745,846.20**

It was disclosed that this amounts were still not re-evaluated at every reporting date to reflect the fair market value of these assets, hence, no gain or loss from the change in fair values was recognized.

Furthermore, comparison of the inventory report submitted by the City General Services Office (CGSO) and the Subsidiary Ledger (SL) from the City Accounting Office (CAO) revealed that, although the total costs of the Biological Assets account are equal, the CAO reported 10 breeding swines acquired on March 17, 1995 and November 24, 1995 for ₱5,000.00 each, for a total cost of ₱50,000.00, and 23 breeding cattle for an aggregate cost of ₱695,846.20, whereas, the CGSO reported 25 breeding cattle purchased on March 1, 1995, May 4, 2010, February 18, 2011 and March 10, 2020, totaling ₱745,846.20, as shown in ***Annex K***.

On February 14, 2025, this Office received a copy of the Inventory and Inspection Report of Unserviceable Property (IIRUP) for Biological Assets dated November 11, 2024. It was reported that 12 breeding cattle totaling ₱252,346.20 died due to various reasons, such as climate change adaptation, postpartum hypocalcemia and metritis (uterine infection), and dystocia due to fetal malpresentation or incomplete cervical dilation, as evidenced by the notarized Joint Affidavits of Loss signed by the beneficiaries and certifications duly signed by the City Agriculturist and the City Veterinarian while the condition of the remaining breeding stocks could not be determined as of year-end.

Due to discrepancies in valuation, composition and unverified conditions, the existence and accuracy of the reported Biological Assets account cannot be ascertained.

We recommended that the City Mayor direct the:

a. **OIC-City General Services Officer, City Agriculturist and the City Accountant reconcile their records and reports, and ensure that the status, condition, location, accountability and/or other relevant information needed are included in such reports for proper recording, monitoring and subsequent derecognition of biological assets in the books of accounts, as necessary; and**

b. **City Accountant to adopt the guidelines in recording the Biological Assets as provided in Paragraphs 16 and 30 of the IPSAS 27 to ensure the proper valuation of the biological assets at each reporting date.**

Management's Comments:

The CGSO, the Office of the City Agriculturist and the CAO are currently reconciling their records and reports to ensure that the status, condition, location accountability and other relevant information are included for the proper monitoring and documentation of the biological assets of the City Government.

The CAO ensures that biological assets are properly valued in the financial statements at each reporting date.

6. **Payables totaling ₱2,869,714.44 under the GF and TF which remained outstanding for more than two years and/or undocumented were not reverted to the unappropriated surplus of the GF, contrary to Section 98 of the P.D. No. 1445 and COA Circular No. 76-45, thus casted doubt on the validity and reliability of the said accounts as of December 31, 2024.**

Section 98 of Presidential Decree (P.D.) No. 1445, otherwise known as the State Audit Code of the Philippines, provides that this Commission, upon notice to the head of agency concerned, may revert to the unappropriated surplus of the General Fund (GF) of the national government, any unliquidated balance of accounts payable in the books of the national government, which has been outstanding for two years or more and against which no actual claim, administrative or judicial, has been filed or which is not covered by perfected contracts on record.

In connection thereto, pertinent provisions of Commission on Audit (COA) Circular No. 76-45 dated November 24, 1976 require the immediate reversion to the unappropriated surplus of all accounts payable and unliquidated obligation which are two years or over and/or all other undocumented accounts payables irrespective of age.

Review of the Statement of Financial Position (SFPos) disclosed that the Due to Officers and Employees account under the GF and the Other Payables account under the Trust Fund (TF) had balances of ₱3,451,867.16 and ₱16,405,121.11, respectively, totaling ₱19,856,988.27 as of December 31, 2024. Details based on the Aging Schedule of the aforementioned Payables accounts are shown on the next page:

Account Name	Fund	Aging of Liabilities account Less than One Year	One to Two years	More than Two Years	Total
Due to Officers and Employees	General Fund (GF)	₱ 3,326,789.41	₱ 9,846.57	₱ 115,231.18	₱ **3,451,867.16**
Other Payables	Trust Fund (TF)	8,920,343.46	4,771,481.28	2,713,296.37	**16,405,121.11**
Total		**₱ 12,247,132.87**	**₱ 4,781,327.85**	**₱ 2,828,527.55**	**₱ 19,856,988.27**

Further analysis of SFPos and aging schedules revealed that payables totaling ₱2,869,714.44 was composed of payables reported as outstanding for more than two years and undocumented payables amounting to ₱41,186.89. Details are shown below:

A. General Fund - Due to Officers and Employees

Date	Claimant	Particulars	Amount
27-May-19	Maria Cecilia Tejedor	Health Care Charges	₱ 20,000.00
15-Nov-19	Jocelyn Garcia-PC	Salary for November 1 to 15, 2019	8,150.94
27-Dec-19	Jaimer Sierra	Representation/Transportation Allowance (RATA) for September 2019	14,750.00
27-Dec-19	Yuri Gagarin	Automated Teller Machine (ATM) Payment for January to June 2019	3,300.00
07-Jan-20	Rolando Lontoc	Wages for December 16 to 30, 2019	4,704.00
28-Dec-20	Alex Penalba	Refund of withholding tax	11,146.55
18-Mar-21	Dr. Lea Lontoc	Initial Deposit of Trece Martires City College (TMCC)	30,000.00
29-Dec-21	Reginald Lubigan	Service Recognition Incentive (SRI)	284.02
31-Dec-21	Dr. Sharon Winnie Garingan	Refund of withholding tax	22,895.67
	Sub-total		**115,231.18**

B. Trust Fund - Other Payables

Date	Claimant	Particulars	Amount
-	-	Department of Social Welfare and Development (DSWD) SEA Rollback	647,907.64
-	-	Financial Assistance	486,315.00
-	-	Cash bond	61,893.77
-	-	Interest in bank deposits	149,624.88
-	-	Funds for Directly Observed Treatment, Short-course (DOTS) Facility	8,730.50
-	-	Auction for Unserviceable	40,000.00
-	-	Resettlement Governance Assistance Fund (RGAF)-Livelihood Program	600,000.00
-	-	L.B. Spiress	4,500.00
-	-	Sustainable Livelihood RGAF 2020	137,700.00
-	-	Trece Martires City Water District	3,000.00
-	-	EVY Constrcution and Development	5,000.00
-	-	RDAR Transport Equipment	2,500.00
-	-	Trece Martires Pavillion (TMP) Hospital Bill Endowment	22,410.00
-	-	PhilHealth Tuberculosis (TB) DOTS	22,500.00
-	-	Trece Martires Pavillion (TMP) PhilHealth Sharing	21,214.58
-	-	RGAF-Livelihood Program	500,000.00
	Sub-total		**2,713,296.37**
	Total Payables Outstanding for More than Two Years		**2,828,527.55**

Date	Claimant	Particulars	Amount
-	-	Unrecgnized Credit Memorandum	31,036.89
-	-	Unrecgnized Credit Memorandum	10,150.00
	Total Undocumented Payables		**41,186.89**
	Grand Total		**₱ 2,869,714.44**

It was observed that the Due to Officers and Employees account under the GF totaling ₱115,231.18 consisted of recorded obligations to various payees with balances ranging from ₱284.02 to ₱30,000.00, however, no creditors/claimants demanded payment of the said claims as of December 31, 2024.

Moreover, several transactions in the Other Payables account under the TF totaling ₱142,327.39 were not adequately identified due to lack of documents or other necessary information. It was also unknown where these amounts originated or when they were first recorded in the books, as shown below:

Particulars	Amount
Funds for DOTS Facility	₱ 8,730.50
Auction for Unserviceable	40,000.00
L.B. Spiress	4,500.00
Trece Martires City Water District	3,000.00
Trece Martires Pavillion (TMP) Hospital Bill Endowment	22,410.00
PhilHealth TB DOTS	22,500.00
TMP	31,036.89
Unrecgnized Credit Memorandum	10,150.00
Total	**₱ 142,327.39**

Retaining the outstanding balance of the payable account in the books of accounts for more than two years rather than reverting to the unappropriated surplus of the GF affected the accuracy and reliability of the Current Liabilities reported at year-end.

We recommended that the City Mayor instruct the City Accountant, in coordination with the concerned Offices, to formally inform the claimants of their unclaimed money, with the advice that the amount will be reverted to the unappropriated surplus of the GF of the City in case no proper claim was made within a specified period and consequently, cause the immediate reversion of all dormant payable accounts aged more than two years and/or undocumented to the unappropriated surplus of the GF.

Management's Comments:

The CAO ensure to take appropriate action to revert the outstanding payables to the unappropriated surplus of the GF three months after formally informing the claimants of their unclaimed money.

7. Due to NGAs account totaling ₱2,600,000.00 had been idle or dormant for more than 13 years due to the absence of documents pertaining to the SA and the purpose for which the transferred funds were intended, contrary to E.O. No. 431, and COA and DBM Joint Circular No. 9-81, thus, the City and/or the National Government was deprived of additional resources that could have been used to fund priority programs, projects and /or activities.

Executive Order (E.O.) No. 431 dated May 30, 2005 calls for the reversion of all dormant accounts, unnecessary special and trust funds due to the National Treasury to the General Fund (GF) of the government. Moreover, Commission on Audit (COA) and Department of Budget and Management (DBM) Joint Circular No. 9-81 dated October 19, 1981 provides that unexpended balances of cash proceeds of trust receipts not required by law or contractual agreement to be returned to the trustor of or after completion of the project/purpose, for which said trusts were received, shall be reverted to the Unappropriated Surplus of GF.

On December 31, 2024, Due to National Government Agencies (NGAs) account had a total balance of ₱52,673,277.35, which included ₱2,831,294.53 for the GF and ₱49,841,982.82 for the Trust Fund (TF). Review of the Subsidiary Ledgers (SLs) and other relevant documents revealed that two accounts from the GF totaling ₱2,600,000.00 remained unexpended as of year-end, as detailed below:

General Fund

	Particulars	Date Received	Amount Received	Amount Utilized	Balance as of year-end
1	Livelihood Development Project	2011	₱ 1,600,000.00	0.00	₱ 1,600,000.00
2	Fund for the Preparation of Site Development Plan of the City Cemetery at Barangay Aguado, Trece Martires City	2011	1,000,000.00	0.00	1,000,000.00
	Total		**₱ 2,600,000.00**	**₱ 0.00**	**₱ 2,600,000.00**

As shown in the table, these funds were outstanding for more than 13 years after being received by the City in Calendar Year (CY) 2011. It was also disclosed that relevant documents, such as the Memorandum of Agreement (MOA) or guidelines/policies for such transfers were unavailable and could not be located, hence, important information, such as the purpose, Source Agency (SA), and proper implementation of these funds could not be determined. It was further revealed that these funds were realigned for the construction of Agtas Bridge at Barangay Aguado, Trece Martires City, however, the project was not undertaken during the year.

The failure to utilize these funds deprived the intended beneficiaries the benefits that may have been derived from them. Similarly, the retention of these funds deprived either the City or the SA of funds that could have been used for other significant programs, projects and/or activities.

We recommended that the City Mayor direct the concerned implementing offices to trace and communicate with the SA to locate the MOA and adhere to the provision therein relative to the utilization and liquidation of the fund transferred, and/or seek approval from the trustor to revert the balances of these long outstanding dormant accounts to the unappropriated surplus of the GF of the City.

Management's Comments:

The City Accounting Office (CAO) will take the necessary steps to revert the unexpended balance of the Due to NGAs account totaling ₱2,600,000.00 to the unappropriated surplus of the GF after conducting proper consultation with concerned implementing offices, or return the amount to the trustor or SA, whichever is appropriate and clearly determinable.

8. **Expenditures amounting to ₱2,412,415.60 for medicines, supplies, training, and meals distributed were charged against the City's LDRRMF for CY 2024, despite their lack of direct relevance to the four thematic areas of disaster risk reduction management outlined in NDRRMC-DBM-DILG JMC No. 2013-1, thus, undermining the fund's intended purpose.**

National Disaster Risk Reduction and Management Council (NDRRMC), Department of Budget and Management (DBM) and Department of the Interior and Local Government (DILG) Joint Memorandum Circular (JMC) No. 2013-1 dated March 25, 2013 was issued to guide Local Government Units (LGUs) in the allocation and use of the Local Disaster Risk Reduction and Management Fund (LDRRMF) and to enhance transparency and accountability in the use of the LDRRMF.

Section 4.0 of the afore-cited JMC reiterates the provisions under Section 21 of Republic Act (R.A.) No. 10121 concerning the allocation for the LDRRMF, that the LDRRMF amounting to not less than five percent of the estimated revenue from regular sources shall be set aside to support disaster risk management activities such as, but not limited to, pre-disaster preparedness programs including training, purchase of disaster response and rescue equipment, supplies and medicines, for post-disaster activities, and payment of premiums on calamity insurance.

Further, the LDRRMF shall cover the 30 percent lump-sum allocation for Quick Response Fund (QRF) and the 70 percent allocation for disaster prevention and mitigation, preparedness, response, rehabilitation and recovery.

Moreover, Section 5.0 of the same JMC enumerates the four thematic areas of disaster risk reduction and management activities on which the five percent LDRRMF may be utilized, to wit:

> *"5.1 Disaster Prevention and Mitigation*
>
> *Disaster Prevention – refers to outright avoidance of adverse impacts of hazards and related disasters. It expresses the concept and intention to completely avoid potential adverse impacts through action taken in advance such as construction of dams or embankments that eliminate flood risks, land-use regulations that do not permit any settlement in high-risk zones and seismic engineering designs that ensure the survival and function of critical building in any likely earthquake.*
>
> *Disaster Mitigation – refers to measures that would lessen or limit adverse impacts of hazards and related disasters. Mitigating measurers encompass engineering techniques and hazard-resilient construction as well as improved environmental policies and public awareness.*
>
> *5.2 Disaster Preparedness – the knowledge and capacities developed by governments, professional response and recovery organizations, communities and individuals to effectively anticipate, respond to and recover from the impacts of likely, imminent or current hazard events or conditions. Preparedness action is carried out within the context of disaster risk reduction and management and aims to build the capacities needed to efficiently*

manage all types of emergencies and achieve orderly transitions from response to sustained recovery.

5.3 Disaster Response – the provision of emergency services and public assistance during or immediately after a disaster in order to save lives, reduce negative health impacts, ensure public safety and meet the basic subsistence needs of the people affected. Disaster response is predominantly focused on immediate and short-term needs and is sometimes called "disaster relief."

5.4 Disaster Rehabilitation and Recovery

Rehabilitation – are measures that ensure the ability of affected communities and/or areas to restore their normal level of functioning by rebuilding/rehabilitating damaged infrastructures.

Post Disaster Recovery – the restoration and improvement where appropriate, of facilities, livelihood and living conditions of disaster-affected communities, including efforts to reduce disaster risk factors, in accordance with the principle of "build back better."

In addition, Sections 4.3 and 4.4 of NDRRMC, DILG, DBM, and Civil Service Commission (CSC) JMC No. 2014-1 dated April 4, 2014, provides:

"4.3 The budgetary requirements for personal services, maintenance and other operating expenditures, and capital outlay of the LDRRMO shall be sourced from the General Fund of the LGU, subject to Section 76 of RA 7160;

4.4 Other maintenance and other operating expenditures, and other capital outlay requirements of the LDRRMO or BDRRMC in the implementation of DRRM programs shall be charged to the Local DRRM Fund (LDRRMF) subject to the provisions of the Joint NDRRMC, DBM, and DILG Memorandum Circular No. 2013-1 and COA Circular No. 2012-002."

Review of the Report of Utilization of LDRRMF and post-audit of Disbursement Vouchers (DVs) revealed that a total of ₱2,412,415.60 was charged against the LDRRMF of the City for activities which were not directly related to the implementation of disaster risk reduction management programs and activities. Details of these disbursements are presented below:

Date	Check Number	Area of Consideration	Particulars		Amount
11-Jul-2024	4571229	Disaster Preparedness	Payment for various medicines for animal rabies disease outbreak response	₱	1,912,544.60
01-Aug-2024	101-2024-08-0663 (Cash DV)	Disaster Preparedness	Honoraria of speakers during Training on Women Friendly Space		30,000.00

			(WFS) Management		
29-Oct-2024	5082032	Disaster Preparedness	Payment of foods, venue and accommodation for Training on WFS Management		450,000.00
11-Nov-2024	5082101	Disaster Preparedness	Payment of Training kit, token and tarpaulin of City Social Welfare and Development Office (CSWDO) (Training on Women Friendly Space Management)		19,871.00
Total				**₱**	**2,412,415.60**

The City purchased various medical supplies and anti-rabies vaccines for animals in response to the Rabies Disease Outbreak. However, review of the supporting documents submitted to the Audit Team revealed that there was no resolution or proof of a rabies outbreak.

Expenditures for the Training on Women Friendly Space (WFS) Management on July 30, 2024 to August 1, 2024 held at The Bayleaf Hotel Cavite, such as payment for foods, venue, accommodation, training supplies and honoraria for the speakers, aimed to increase the capacities of the LGUs/Barangay implementers and facilitators in managing WFS and conducting information sessions with internally displaced women geared toward women empowerment and gender equality. The discussions at the training focused on gender-related topics, hence, it is more appropriate to charge such expenses to the Gender and Development (GAD) Fund.

Further, Item 5 of NDRRMC-DBM-DILG JMC No. 2013-1 provides a list of disaster preparedness-related programs and activities. Although necessary, the Audit Team found no similarities between the nature of the subject expenditures and the list provided by the aforementioned JMC.

The utilization of LDRRMF for projects and activities not directly related to the implementation of disaster risk management activities defeated the purposes for which the fund was established.

We recommended that the City Mayor instruct the City LDRRM Officer and the Acting City Budget Officer to:

a. **Submit a resolution or valid justification explaining the reason/s of charging the aforementioned expenses to LDRRMF, otherwise, the expenses shall be disallowed in audit; and**

b. **Refrain from obligating and charging to LDRRMF expenditures which are not directly related to the implementation of disaster risk management activities consistent with the provisions of NDRRMC, DBM and DILG JMC No. 2013-1.**

Management's Comments:

A memorandum from the DILG pertaining to the observance of holy week and summer vacation was executed by the City, hence justifying the disbursements for OPLAN Semana Santa 2024 as part of their disaster preparedness and response measures, while written justifications for the other expenditures were not submitted to the Audit Team.

Auditor's Rejoinder:

Local Disaster Risk Reduction and Management Council signed a resolution to charge the disbursements for anti-rabies vaccines, but the signed copy of the resolution was not submitted to the Audit Team.

Expenditures for the Training on WFS Management, which included payment for foods, venue, accommodation, training supplies and honoraria for the speakers, aimed to increase the capacities of the LGUs/Barangay implementers and facilitators in managing WFS and conducting information sessions with internally displaced women geared toward women empowerment and gender equality. These discussions at the training focused on gender-related topics, hence, it is more appropriate to charge such expenses to the GAD Fund.

The Audit Team shall issue Notice of Disallowance (ND), if warranted.

9. **The City did not take appropriate actions against the contractor despite incurring negative slippage ranging from seven to 34.82 percent for seven infrastructure projects totaling ₱29,323,315.18, in violation of the pertinent provisions of GPPB Circular No. 03-2019 and R.A. No. 9184, thus hindering the timely completion of the projects and the effective management of the contractor's performance.**

Item 4.0 of Government Procurement Policy Board (GPPB) Circular No. 03-2019 dated March 8, 2019 provides as follows:

"4.2 To ensure the timely implementation of infrastructure projects and effective management of the performance of contractors, the following calibrated actions in response to delays in the implementation of infrastructure projects are hereby adopted:

4.2.1 Negative slippage of five percent (5%)

The contractor shall be given a warning and be required to:

4.2.1.1 Submit a detailed "catch-up" program every two weeks in order to eliminate the slippage and to restore the project to its original schedule

4.2.1.2 Accelerate work and identify specific physical targets to be accomplished over a definite period of time; and

4.2.1.3 Provide additional input resources such as the following: money, manpower, materials, equipment, and management, which shall be mobilized for this action.

The Implementing Unit shall exercise closer supervision and meet the contractor every other week to evaluate the progress of work and resolve any problems and bottlenecks.

4.2.2 Negative slippage of ten percent (10%)

The contractor shall be issued a final warning and be required to come-up with a revised detailed "catch-up" program with weekly physical targets together with the required additional input resources.

The implementing unit shall intensify on-site supervision and evaluation of the project performance to at least once a week and prepare contingency plans for a possible termination of the contract or take-over of the work by administration or contract.

4.2.3 Negative slippage of fifteen percent (15%)

The implementing unit shall initiate termination of the contract or take-over of the work by administration or contract in accordance with Section 53.3 if the 2016 revised IRR of RA No. 9184 and the Revised Guidelines for the Implementation of Infrastructure Projects by Administration.

It shall likewise take proper transitory measures to minimize work disruptions, e.g., take-over by administration while negotiation or rebidding is on-going."

Annex I of the Republic Act (R.A.) No. 9184 provided the grounds for the termination of contracts. It states:

III. GROUNDS FOR TERMINATION OF CONTRACTS

A. Termination for Default

Xxx

2. In contracts for Infrastructure Projects:

The Procuring Entity shall terminate a contract for default when any of the following conditions attend its implementation:

a) Due to the Contractor's fault and while the project is on-going, it has incurred negative slippage of fifteen percent (15%) or more in accordance with Presidential Decree 1870;

b) Due to the Contractor's fault and after the contract time has expired, it has incurred a negative slippage of ten percent (10%) or more in the completion of the work; or

c) The Contractor:

i. abandons the contract works, refuses or fails to comply with a valid instruction of the Procuring Entity or fails to proceed expeditiously and without delay despite a written notice by the Procuring Entity; GPPB Resolution No. 018-2004 dated December 22, 2004, Annex "A" Page 2 of 6 Annex "A"

ii. does not actually have on the project site the minimum essential equipment listed on the Bid necessary to prosecute the Works in accordance with the approved work plan and equipment deployment schedule as required for the project;

iii. does not execute the Works in accordance with the contract or persistently or flagrantly neglects to carry out its obligations under the contract;

iv. neglects or refuses to remove materials or to perform a new work that has been rejected as defective or unsuitable; or

v. sub-lets any part of the contract works without approval by the Procuring Entity.

In addition, Item 34.4 of Section 34 of the same R.A. mentioned:

"34.3 The post-qualification shall verify, validate and ascertain the veracity, authenticity and validity of all the Class "A" eligibility documents supporting the PhilGEPS Certificate of Registration and Membership in accordance with Section 8.5.2 of this IRR, and all the other statements made and documents submitted by the bidder with the Lowest Calculated Bid/ Highest Rated Bid, using non-discretionary criteria, as stated in the Bidding Documents.79 These criteria shall consider, but shall not be limited to, the following:

xxx

b) Technical Requirements. To determine compliance of the goods, infrastructure projects, or consulting services offered with the requirements specified in the Bidding Documents, including, where applicable:

xxx

ii) Verification of availability and commitment, and/or inspection and testing for the required capacities and operating conditions, of equipment units to be owned/leased/under purchase by the bidder for use in the contract under bidding, as well as checking the *performance of the bidder in its ongoing government and private contracts, if any of these ongoing contracts shows:*

a. Negative slippage of at least fifteen percent (15%) in any one project or a negative slippage of at least ten percent (10%) in each of two (2) or more contracts;

b. Failure of the contractor to commence repair works on ongoing contracts within seven (7) calendar days and to complete them within thirty (30) calendar days after receipt of the Procuring Entity's notice of defects and deficiencies;

c. Failure of the contractor to commence repair works on contracts with pending certificates of acceptance within thirty (30) calendar days and complete them within ninety (90) days after receipt of the Procuring Entity's notice of defects and failures; or

d. Substandard quality of work as per contract plans and specifications, or unsatisfactory performance of the contractor's obligations as per contract terms and conditions, at the time of inspection.

If the BAC verifies any of these deficiencies to be due to the contractor's fault or negligence, the agency shall disqualify the contractor from the award, for the procurement of Infrastructure Projects.

Review of the Report on Government Projects/Programs/Activities (GPPA) for Calendar Year (CY) 2024 revealed that seven infrastructure projects awarded to Saldania Construction with contract costs totaling ₱29,323,315.18 incurred negative slippage ranging from seven to 34.82 percent. Details of which are shown below:

	Project / Program / Activity Name		Contract Cost	Revised Target Date of Completion	Target Percentage of Completion	Actual Percentage of Completion	Variance in Percentage
1	Installation of Manlift/Elevator at Command Center, Barangay Conchu, Trece Martires City	₱	2,498,378.90	13-Jan-24	100.00	89.57	10.43
2	Installation of Closed Circuit Television (CCTV) System with Fiber Optic and Pole at Various Barangays in Trece Martires City		4,478,489.98	06-Feb-24	100.00	72.98	27.02
3	Installation of Additional High End CCTV with Public Address (PA) System in Strategic Area and with Corresponding Pole		10,394,574.02	06-Feb-24	100.00	65.18	34.82
4	Construction of Permanent Evacuation Center at Trece Martires City Command Center (TMCC)		4,597,435.62	10-Mar-24	100.00	91.57	8.43
5	Construction of Multi-purpose Hall (Phase 3), Barangay San Agustin, Trece Martires City		1,394,984.39	26-May-24	100.00	75.01	24.99
6	Construction of Drive-Thru with bins		963,239.61	13-Jul-24	100.00	93.00	7.00
7	Improvement of Electrical Facilities at Trece Martires Memorial Park (TMMP) and People's Park, Barangay Aguado and Barangay Lapidario, Trece Martires City		4,996,212.66	16-Aug-24	100.00	75.00	25.00
	Total	₱	**29,323,315.18**				

As shown in the preceding table, two projects had negative slippage of less than 10 percent, one had less than 15 percent, and four had greater than 15 percent negative slippage.

Verification of the submitted Disbursement Vouchers (DVs), together with their supporting documents, revealed the following discrepancies:

a. Notices of Negative Slippage were not issued upon incurring negative slippage of five percent (Early Warning Stage), which require the contractor to submit detailed "catch-up" program every two weeks to eliminate the slippage and to restore the project to its original schedule.

b. Notices of Negative Slippage were also not issued upon incurring negative slippage of 10 percent (ICU Stage), compelling the submission of revised detailed "catch-up" program with weekly physical targets and required additional input resources.

c. There were no documents indicating that the City had initiated the termination of the contracts nor take-over of the work by administration upon incurrence of negative slippage of 15 percent or more.

Inquiry with the City Engineering Office (CEO) personnel revealed that they were unable issue the appropriate notices of negative slippage and request other necessary documents from the contractor as the infrastructure projects were only visited during the preliminary inspection, which was at 95 percent completion. Moreover, upon discovery of discrepancies between the planned and actual accomplishment, they immediately notify the contractor through verbal communication only. It was also noted that due to the delays in the completion of these infrastructure projects, the City Accountant was able to withhold retention money equivalent to 10 percent of the total amount due to the contractor prior to any deduction.

Furthermore, the Audit Team noted that, despite incurring negative slippage on the aforementioned infrastructure projects, the City continued to award 45 infrastructure projects totaling ₱82,060,937.84 to the same contractor, contrary to Item No. 34.4 of Section 34 of R.A. No. 9184. Details of these awarded projects are listed in ***Annex L***.

The timely completion of infrastructure projects is one of the primary considerations that the government takes into account when entering into a contract, to ensure that the intended benefits may also be timely enjoyed by the public. The failure to issue notices of negative slippage affected the timely completion of the implemented projects and the effective management of the contractors' performance.

We recommended that the City Mayor direct the:

a. City Engineer to properly and closely monitor the progress of the City's implementation of infrastructure projects, issue appropriate notices of negative slippage requiring the contractors to submit necessary detailed "catch-up" program and exert efforts to ensure the timely completion of the implemented projects and to ensure compliance with GPPB Circular No. 13-2019 to facilitate the effective management of the contractors' performance;

b. **Bids and Awards Committee (BAC) Chairman to ensure the bidders' performance in ongoing government and private contracts before projects are awarded to avoid delays in the implementation of the City's infrastructure projects; and**

c. **City Accountant to continue withholding retention money until the Work is satisfactorily done and on schedule.**

Management's Comments:

The CEO will ensure that proper notices of negative slippage are issued to contractors for close monitoring of the projects, and that contractors provide the required detailed catch-up measures once the project's negative slippage is determined.

The BAC Chairman will work closely with the CEO to establish a clearer mechanism for flagging underperforming contractors before they are considered in new biddings, and he will take the necessary steps to align the procurement process of the City with the best practices to ensure that government projects are completed timely and efficiently.

10. Two infrastructure projects totaling ₱14,873,064.00 were granted time extensions despite non-inclusion of the reasons in the grounds enumerated under Annex E of the 2016 Revised IRR of R.A. No. 9184, thus, preventing the City from imposing additional liquidated damages and depriving the public of timely use or benefits from the projects.

Item No. 11 of Annex E of Revised Implementing Rules and Regulations (IRR) of Republic Act (R.A.) No. 9184 provides the conditions for granting extension of contract time. It stated:

"11. EXTENSION OF CONTRACT TIME

11.1 Should the amount of additional work of any kind or other special circumstances of any kind whatsoever occur such as to fairly entitle the contractor to an extension of contract time, the procuring entity shall determine the amount of such extension; provided that the procuring entity is not bound to take into account any claim for an extension of time unless the contractor has, prior to the expiration of the contract time and within thirty (30) calendar days after such work has been commenced or after the circumstances leading to such claim have arisen, delivered to the procuring entity notices in order that it could have investigated them at that time. Failure to provide such notice shall constitute a waiver by the contractor of any claim. Upon receipt of full and detailed particulars, the procuring entity shall examine the facts and extent of the delay and shall extend the contract time completing the contract work when, in the procuring entity's opinion, the findings of facts justify an extension.

11.2 No extension of contract time shall be granted the contractor due to (a) ordinary unfavorable weather conditions and (b) inexcusable failure or negligence of contractor to provide the required equipment, supplies or materials.

11.3 Extension of contract time may be granted only when the affected activities fall within the critical path of the PERT/CPM network.

11.4 No extension of contract time shall be granted when the reason given to support the request for extension was already considered in the determination of the original contract time during the conduct of detailed engineering and in the preparation of the contract documents as agreed upon by the parties before contract perfection.

11.5 Extension of contract time shall be granted for rainy/unworkable days considered unfavorable for the prosecution of the works at the site, based on the actual conditions obtained at the site, in excess of the number of rainy/unworkable days pre-determined by the government in relation to the original contract time during the conduct of detailed engineering and in the preparation of the contract documents as agreed upon by the parties before contract perfection, and/or for equivalent period of delay due to major calamities such as exceptionally destructive typhoons, floods and earthquakes, and epidemics, and for causes such as non-delivery on time of materials, working drawings, or written information to be furnished by the procuring entity, non-acquisition of permit to enter private properties within the right-of- way resulting in complete paralization of construction activities, and other meritorious causes as determined by the Government's authorized Engineer and approved by the procuring entity. Shortage of construction materials, general labor strikes, and peace and order problems that disrupt construction operations through no fault of the contractor may be considered as additional grounds for extension of contract time provided, they are publicly felt and certified by appropriate government agencies such as DTI, DOLE, DILG, and DND, among others. The written consent of bondsmen must be attached to any request of the contractor for extension of contract time and submitted to the procuring entity for consideration and the validity of the performance security shall be correspondingly extended."

Verification of the Report on Government Projects/Programs/Activities (GPPAs) as of December 31, 2024 revealed that two infrastructure projects awarded to Saldania Construction were granted extensions of contract time ranging from 52 to 90 days. Details of which are shown below:

Project / Program / Activity Name	Contract Cost	Original Target Date of Completion	Number of Days Extended	Revised Target Date of Completion	Percentage of Work Accomplished (as of Revised Target Date of Completion)	Actual date of Completion	Number of Days Delayed	Reason for Delay (Extension of Work)
Installation of Closed Circuit Television (CCTV) System with Fiber Optic and Pole at Various Barangays in Trece Martires City	₱ 4,478,489.98	08-Nov-23	90 Days	06-Feb-24	72.98%	25-Jun-24	140	Unforeseen delay in the importation of essential components from abroad
Installation of Additional High End CCTV with Public Address (PA) System in Strategic Area and with Corresponding Pole	10,394,574.02	16-Dec-23	52 Days	06-Feb-24	65.18%	25-Jun-24	140	Unforeseen delay in the importation of essential components from abroad
Total	**₱ 14,873,064.00**							

On October 16, 2023, the Contractor sent correspondence to the City requesting a 90-day and 52-day extensions of contract time for the aforementioned infrastructure projects due to unforeseen delays in the importation of essential components, which were then approved by the City through the issuance of an Extension Order dated October 17, 2023. However, the justification for the extension of the contracts fails to comply with the conditions enumerated in Item No. 11 of Annex E of the 2016 Revised IRR of RA No. 9184.

Moreover, review of the Disbursement Vouchers (DVs) and their supporting documents indicated that the above-mentioned projects were completed on later dates despite the grant of contract extension, thus resulting in delays of up to 140 calendar days. In addition, the City computed the liquidated damages for 140 days, which were deducted from the final payment to the contractor. Should the extension order had not been granted, the City could have calculated the liquidated damages for 192 and 230 calendar days for both projects.

The failure of the City Engineering Office (CEO) to incorporate the valid reasons for the grant of extension of contract time resulted in the computation of lower liquidated damages. Meanwhile, the contractor's failure to complete the installation of Closed-Circuit Television (CCTV) on time affected the timely implementation and execution of the City's security plan for its constituents.

We recommended that the City Mayor direct the City Engineer to ensure that the request for extension were duly supported with valid documentation and the reasons for contract time extensions are within the conditions enumerated under Annex E of the 2016 Revised IRR of R.A. No. 9184.

Management's Comments:

The CEO stated that the contract extensions granted to the two infrastructure projects were due to a lack of available local supply of previously available essential project components that complied with the specification requirements, thus, the contractor resorted to importing the needed materials, which was delayed, resulting in the approval of the suspensions and contract extensions.

11. Disposal of 160 unserviceable properties totaling ₱108,899,029.54 was not undertaken as of December 31, 2024, inconsistent with Section 379 of R.A. No. 7160 and COA-DBM Joint Circular No. 2024-1, thus, exposing the properties to further deterioration, possibility of loss and reduction in economic value.

Section 379, Book II, Title Six of Republic Act (R.A.) No. 7160 states:

> *"When property of any local government unit has become unserviceable for any cause or is no longer needed, it shall, upon application of the officer accountable therefore, be inspected and appraised by the provincial, city or municipal auditor, as the case may be, or his duly authorized representative or that of the Commission on Audit and, if found valueless or unusable, shall be destroyed in the presence of the inspecting officer.*
>
> *If found valuable, the same shall be sold at public auction to the highest bidder*

under the supervision of the committee on awards and in the presence of the provincial, city or municipal auditor or his duly authorized representative. Notice of the public auction shall be posted in at least three (3) publicly accessible and conspicuous places, and if the acquisition cost exceeds One hundred thousand pesos (₱100,000.00) in the case of provinces and cities, and Fifty thousand (₱50,000.00) in the case of municipalities, notice of auction shall be published at least two (2) times within a reasonable period in a newspaper of general circulation in the locality."

Pertinent provisions cited in Commission on Audit (COA) and Department of Budget and Management (DBM) Joint Circular (JC) No. 2024-1 dated January 30, 2024, otherwise known as the Revised Manual on the Disposal of Government Properties, are as follows:

"xxx

B. Determination of Properties for Disposal

1.0 *Any of the following conditions shall constitute the properties for disposal:*
a. Properties that have exceeded their estimated useful life in accordance with Sections 27 (f), (g), and (h) of the Government Accounting Manual (GAM);
b. Properties that can no longer be repaired or reconditioned;
c. Properties which are beyond economic repair;
d. Properties that have become obsolete or outmoded because of technological advancements;
e. Properties that are still serviceable but have been rendered unnecessary
due to change in the agency's mandate, functions, or programs;
f. Properties, such as supplies, materials, equipment, and spare parts which
are no longer needed by the agency;
g. Unused supplies, materials, and spare parts that have become dangerous
to use because of long storage or use of which is determined to be hazardous;
h. Abandoned properties within the agency's premises; and/or
i. Properties issued to government officials/employees who are about to retire, subject to the conditions provided under item I (6.2) and (6.7) of Part II of this revised Manual.

2.0 *For motor vehicles for land transportation, they may be deemed unserviceable under any of the circumstances specified under pertinent guidelines issued by the DBM. xxx*

H. Modes of Disposal

Properties may be disposed through any of the following modes, as appropriate and deemed most advantageous to the government:

1.0 *Condemnation/Destruction of Properties*
2.0 *Transfer of Properties to Another Government Agency*
3.0 *Barter*
4.0 *Donation*
5.0 *Return to Supplier/Vendor*
6.0 *Sale to Government Officials/Employees of the Agency*
7.0 *Public Auction*

8.0 Negotiated Sale
9.0 Sale of Junk or Scrap and/or Recycling
10.0 Direct Negotiation
xxx"

The City General Services Office (CGSO) submitted the Inventory and Inspection Report of Unserviceable Properties (IIRUP) and the Report on Physical Count of Property, Plant and Equipment (RPCPPE) as of December 31, 2024. The RPCPPE submitted included 160 unserviceable Property, Plant and Equipment (PPE), 37 of which did not have acquisition costs, accumulated depreciation and carrying amounts, 48 without accumulated depreciation and carrying amounts and five have erroneous carrying amounts. Summary of which are shown below and detailed in ***Annex M***:

PPE Classification	Date Acquired	Quantity	Total Cost	Accumulated Depreciation	Carrying Amount	Remarks
Motor Vehicle	June 20, 1995 to June 18, 2019	14	₱ 12,532,600.00	₱ 11,323,359.87	₱ 1,209,240.13	-
Furniture and Equipment	August 4, 2003 to August 22, 2022	69	10,893,676.18	10,026,789.91	866,886.27	15 items-no acquisition costs, accumulated depreciation and carrying amounts 5 items-erroneous carrying amounts
Firearms	October 11, 1998 to March 13, 2012	48	1,268,900.00	285,000.00	15,000.00	46 items-no accumulated depreciation and carrying amounts
Semi-Expendable Properties	December 27, 2012	24	150,000.00	0.00	0.00	22 items-no acquisition costs, accumulated depreciation and carrying amounts 2 items-no accumulated depreciation and carrying amounts
Infrastructure Assets	March 12, 2009 to July 20, 2011	5	84,053,853.36	42,904,761.09	41,149,092.27	-
Total		**160**	**₱ 108,899,029.54**	**₱ 64,539,910.87**	**₱ 43,240,218.67**	

The Audit Team required the submission of IIRUP as of December 31, 2024. However, the CGSO could only submit IIRUP as of March 18, 2024. Inquiry with the concerned CGSO personnel revealed that the submitted IIRUP only included unserviceable motor vehicles that had already been evaluated and appraised. They admitted that there are other motor vehicles also subject for disposal but still not included in the submitted IIRUP.

Additionally, the Audit Team, together with the concerned CGSO personnel, conducted an ocular inspection of the listed motor vehicles for disposal as of March 18, 2024. It was discovered that nine of the 14 motor vehicles were parked in different locations, with the remaining five are yet to be located, prolonging the inspection period and making the unserviceable properties susceptible to further damage and loss of various significant parts, such as engines, cables, wheels, and others. Details of the vehicles are enumerated on the next page:

Date Acquired	Particulars	Total Acquisition Cost	Accumulated Depreciation	Carrying Amount	Remarks
20-Jun-95	Vehicle, Grader	₱ 3,500,000.00	₱ 3,325,000.00	₱ 175,000.00	For inspection
11-Oct-16	Isuzu mini dump truck 6 wheeler Chassis No. 4BEI 417999 Engine No. NKR 58E Cylinder: 4. Diesel Engine Displacement: 3636 Year Model: 2013 GW: 4800 Plate No.: SAB 7001	1,250,000.00	880,729.17	369,270.83	Located at Trece Martires Memorial Park, Barangay Aguado, Trece Martires City (with security guard)

	Total	**₱ 12,532,600.00**	**₱ 11,323,359.87**	**₱ 1,209,240.13**	

With the foregoing deficiencies on motor vehicles, it is more appropriate to designate a single area for all unserviceable vehicles owned by the City in order to avoid delays in the disposal of unserviceable properties, prolonged inspection period, and the incurrence of additional damages or the loss of the vehicle itself or its significant parts, which could further deteriorate its economic value.

We recommended that the City Mayor direct the:

a. OIC-CGSO and the City Accountant to prepare the duly accomplished IIRUP, including all government properties subject for disposal, accompanied by relevant documents pertaining to the unserviceable properties, as the case may be, such as individual survey reports, lists of missing spare parts, stencils of chassis and engine numbers of motor vehicles, and current photographs showing all sides of the properties, as of December 31, 2024, and submit the same to the Disposal Committee for inspection, appraisal and immediate disposal of the unserviceable properties to prevent further deterioration and reduction of economic value; and

b. OIC-CGSO to gather all unserviceable vehicles and other properties in one designated location and adequately safeguard the area to avoid additional damage or loss of the vehicle or its significant parts, that could further deteriorate its value.

Management's Comments:

The CGSO is currently updating the IIRUP and shall submit the same to the Disposal Committee for inspection, appraisal and consequently, immediate disposal.

The CGSO began gathering all unserviceable motor vehicles and other properties to a designated location at Trece Martires City Memorial Park.

Auditor's Rejoinder:

Immediate disposal of the unserviceable properties reported in the IIRUP must be facilitated by the City after the re-appraisal of these PPE. It was also disclosed that the City Government had a designated motorpool which was completed in CY 2022, and it was advised that the facility be used for the motor vehicles owned by the City.

12. Four government vehicles acquired by the City from CYs 2022 to 2023 were not yet registered with the LTO while 19 vehicles had expired registrations which were not yet renewed as of year-end, contrary to Section 5 of Batas Pambansa Bilang 74 and Section 2 of P.D. No. 1445, thus exposed the government to fines and/or penalties for late registration and other possible damages that may arise due to the use of unregistered vehicles.

Section 5 of Batas Pambansa (B.P.) Bilang 74, an act amending certain sections of Republic Act (R.A.) No. 4136, otherwise known as the Land Transportation and Traffic Code, provides, among others, the following:

a. All motor vehicles and trailer of any type used or operated on or upon any highway of the Philippines must be registered with the Bureau of Land Transportation (now the Land Transportation Office (LTO) for the current year in accordance with the Act).

b. Any registration of motor vehicles not renewed on or before the date fixed by the Bureau of Land Transportation shall become delinquent and invalid.

Section 2 of Presidential Decree (P.D.) No. 1445 dated June 1, 1978, states that it is the declared policy of the State that all resources of the government shall be managed, expended and utilized in accordance with law and regulations, and safeguard against loss or wastage through illegal or improper disposition, with a view to ensuring efficiency, economy and effectiveness in the operations of government. The responsibility to take care that such policy is faithfully adhered to rests directly with the chief or head of the government agency concerned.

Review of the previous years' audit observations indicated that the City had 11 unregistered vehicles acquired in Calendar Years (CYs) 2022 and 2023, as well as 36 vehicles with expired LTO registrations.

In response to the Audit Observation Memorandum (AOM) No. 2024-014 (2023) dated March 14, 2024, the City General Services Office (CGSO) and City Administrator stated in a letter dated April 2, 2024 that the City will request from the LTO the cost of the renewal of registration for the 36 vehicles, while the 11 vehicles will require 60 days to complete their registration.

For CY 2024, the Audit Team received copies of Official Receipts (ORs) and Certificates of Registration (CRs) issued by the LTO. However, after verification of the submitted documents, the CGSO was only able to provide CRs for 20 vehicles, three of which are not yet registered with the LTO and 17 have expired registrations. Details of which are broken down in ***Annex N*** and summarized below:

Particulars	CY 2023 Audit Observation	Registered vehicles in CY 2024	Unregistered Vehicles as of December 31, 2024
Vehicles not yet registered with LTO	11	7	4
Vehicles with expired registration	36	17	19
Total	**47**	**24**	**23**

The Audit Team continues to monitor the registration of the other 27 unregistered vehicles. However, despite the registration of 20 vehicles, the observation will be reported as not implemented in the Status of Implementation of Prior Year's Audit Recommendation (SIPYAR).

Late or non-registration registration of vehicles with the LTO exposes the government to fines and/or penalties, and payment of other possible damages that may arise due to the use of unregistered vehicles.

We recommended that the City Mayor direct the OIC-CGSO to cause the immediate registration of the remaining four unregistered motor vehicles and the renewal of registration of the 19 motor vehicles with the LTO in compliance with Section 5 of B.P. Bilang 74.

Management's Comments:

Four government vehicles were registered as of November 2024, accompanied by photocopies of LTO official receipts, but the remaining four vehicles and 19 with expired registrations have yet to be registered. The 19 vehicles with expired registration were issued to various home owners' associations in the City's various subdivisions, and as end-users, they must comply with the LTO registration requirements. The concerned offices additionally suggested that the aforementioned motor vehicles be donated to end-users.

13. The specific duties, functions and assignments of 1,692 JO personnel, which represented 71.24 percent of the City's total workforce, were not provided in the contracts between the City and subject workers, while the outputs in their monthly accomplishment reports were stated in general terms, contrary to the pertinent provisions of COA and DBM Joint Circular No. 2, s. 2020, thus, the necessity of their hiring, and propriety and regularity of their payments totaling ₱63,898,409.26 for CY 2024 could not be fully verified.

Republic Act (R.A.) No. 7160, otherwise known as the Local Government Code, recognizes the authority of the local chief executive to employ emergency or casual employees or laborers paid on a daily wage or piecework basis and hired through job orders for local projects authorized by the sanggunian concerned, without need of approval or attestation by the Civil Service Commission, provided that the period of employment of emergency or casual laborers as provided in this section shall not exceed six months.

Commission on Audit (COA) and Department of Budget and Management (DBM) Joint Circular No. 2 series of 2020 defines Job-Order (JO) as "piece work (pakyaw) or intermittent or emergency jobs such as clearing of debris on the roads, canals, waterways, etc. after natural/ man-made disasters/occurrences, and other manual/trades and crafts services such as carpentry, plumbing, electrical, and the like. These jobs are of short duration and for a specific piece of work."

Item 6.3 of the same circular provides that government agencies may hire JO workers subject to the following conditions:

"6.3.1 The services of a JO worker is either paid according to an agreed contract amount for the piece of work or on a daily wage basis.

6.3.2 Contracting the services of JO workers shall be subject to pertinent budgeting, accounting, and auditing rules and regulations."

Additionally, the following limitations were provided in item 7 of the aforementioned circular:

"7.1 Hiring under contract of service shall be limited to consultants, learning service providers, and/or other technical experts to undertake special project or job within a specific period. The project or job is not part of the regular functions of the agency, or the expertise is not available in the agency, or it is impractical or more expensive for the government agency to directly undertake the service provided by the individual or institutional contractor.

7.2 Hiring of Job Order workers shall be limited to emergency or intermittent work, such as clearing of debris on the roads, canals, *waterways, etc. after natural/ man-made disasters/occurrences; other trades and crafts, and manual tasks such as carpentry, plumbing, painting, electrical, and the like which are not part of the regular functions of the agency.*

7.3 *Contract of service and job order workers should not, in any case, be made to perform functions which are part of the job description of the agency's existing regular employees.*

7.4 *Contract of service and job order workers should not be designated to positions exercising control or supervision over regular and career employees."*

Further, COA Circular No. 2012-003 dated October 29, 2012 reiterates the policy that government funds and property should be fully protected and conserved, and that irregular, unnecessary, excessive, extravagant and unconscionable expenditures should be prevented.

As of December 31, 2024, the personnel complement of the City was composed of the following:

Nature of Appointment/ Employment	Number	Percentage per Total Personnel	Office Assignment
Permanent	475	20.00	Various Offices in the City Hall
Elective	14	0.59	Various Offices in the City Hall

Review of the submitted Disbursement Vouchers (DVs), Liquidation Reports (LRs), contracts, and their corresponding accomplishment reports totaling ₱63,898,409.26, as shown in ***Annex O***, revealed the following:

1. JO contracts revealed that each JO worker was paid on monthly basis ranging from ₱3,000.00 to ₱15,000.00. These submitted contracts were executed in groups of seven to 37 individuals per contract, and did not specify the roles and responsibilities of each personnel, including their designations, and there were no specific and measurable deliverables other than the submission of monthly accomplishment reports. It was further observed that general duties and responsibilities were outlined in the contracts, such as "perform duties as support staff to the office", "provide assistance in giving preliminary information to clients", "assist in the maintenance of peace and order of the office as instructed", "help in the maintenance of cleanliness of barangays", "help in the implementation of proper

segregation system", and "help in the implementation of Zero Waste Management and Bantay Kalikasan programs of the City".

2. The contracts covered the periods January 1 to March 31, 2024, April 1 to November 30, 2024, and December 1 to 31, 2024. The execution of these contracts was due to the increase in the monthly salary of JO employees. Furthermore, contracts from April 1 to November 30, 2024 covered eight months, exceeding the six months specified in R.A. No. 7160.

3. Accomplishment reports of JO personnel were also prepared in groups of individuals per report and did not reflect their actual duties or tasks accomplished for a particular period since the reports consisted of general statements, repetitions of accomplishments every month and no clear functions, outputs or deliverables. This pointed to the use of "pro-forma" reports where only the names, signatures, and periods covered were changed from month to month. Examples of these general outputs were "providing preliminary information to clients what documents needed for any assistance needed", "monitor Anti-Littering Campaign", "responded to several vehicular accidents/man-made accidents; victims were given first aid and brought to the nearest hospital" and "transported various medical and trauma patients to different hospitals within the province and National Capital Region (NCR) including Patients Under Investigation (PUIs) and Persons Under Monitoring (PUMs)".

An inquiry with City Human Resources Management Office (CHRMO) staff revealed that all JO personnel were employed under the Office of the City Mayor, with some being assigned to other offices without written notification of the deployment. In addition, the necessary request letters supported by justifications for the employment of the JO worker, duly signed by the Department Heads or end-users, as well as the statements of functions to be performed by the said personnel were not prepared and submitted to the CHRDMO, resulting in an inadequate verification of the need to recruit them.

As a consequence, there were no standards from which the performance and accomplishments of the workers could be evaluated against or compared to; no means to determine whether their functions were not part of the job description of the City's existing regular employees; the necessity of hiring a number of JO workers could not be fully justified or established; and likewise, the Audit Team could not verify whether payments to them are reasonable as their rates would likely depend on the nature of their works and job performed.

While the authority of the local chief executive to hire JO workers necessarily includes the authority to determine the number of JO personnel to be hired, the management should be reminded that the primary consideration in their hiring is that these workers are needed in the agency as there are functions or duties which could not be performed by the existing regular personnel of the City.

We recommended that the City Mayor require the CHRMO, in coordination with the Department Heads of the City, to:

a. Ensure that the contracts of the JO clearly provide their specific job descriptions, duties and expected deliverables against their performance and

accomplishments, for the review and evaluation as to the necessity of their hiring and regularity of payments to them; and

b. **Study the City's manpower needs and hire JO workers based on specific requests from concerned Department Heads or officials who shall certify that his or her office needs the services of a JO worker for an identified piece of work.**

Management's Comments:

The Management has noted the observation and is currently taking corrective measures to ensure that all JO employment follows the COA and DBM policies and regulations. Additionally, in order to rationalize the hiring of JO workers, the City has already implemented Memorandum No. 2025-01, which requires the submission of recommendations with justifications from all Department Heads and Division Heads for additional administrative and support staff and the duties and responsibilities stated in the JO contracts. They also conducted interview and performance assessments of JO workers in January 2025.

14. **Monthly Report on Sources and Utilization of LDRRMF was not submitted to the Office of the Auditor, contrary to COA Circular No. 2012-002 dated September 12, 2012, thus, affecting the prompt evaluation of the LDRRMF plan, accomplishments, and utilization.**

Section 5.1.5 of Commission on Audit (COA) Circular No. 2012-002 dated September 12, 2012 states:

> *"A Report on Sources and Utilization of DRRMF using the prescribed format shall be prepared and certified correct by the Local Accountant. The Local Disaster Risk Reduction and Management Officer (LDRRMO) shall submit the report on or before the 15th day after the end of each month through the LDRRMC and the Local Development Council (LDC) to the Auditor of the LGU."*

Moreover, Annex B of the same Circular provides the prescribed format of the Report on Utilization of Disaster Risk Reduction and Management Fund, as presented in ***Annex P***.

Section 4, Rule 6 of the Implementing Rules and Regulations (IRR) of Republic Act (R.A.) No. 10121 provides the following function of the Local Disaster Risk Reduction and Management (LDRRM) Officer:

> *"Prepare and submit, through the LDRRMC and LDC, the report on the utilization of the LDRRMF and other dedicated disaster risk reduction and management resources to the local Commission on Audit (COA) for provincial/city level…"*

Review of the submitted reports and documents revealed that the Report on Sources and Utilization of Disaster Risk Reduction and Management Fund (DRRMF) was submitted to the Audit Team annually rather than monthly submission, as required under by Section 5.1.5 of COA Circular No. 2012-002.

Moreover, at the request of the Audit Team, the City submitted the LDRRM Utilization Reports for the period January to October 2024. However, the submitted report was not prepared in the prescribed format. Meanwhile, the utilization reports for November and December 2024 had yet to be submitted as of this writing.

The delayed submission of reports impedes the Audit Team's prompt monitoring and evaluation of the utilization of LDRRMF for various programs, projects, and activities (PPAs), therefore recommendations for identified deficiencies, if any, cannot be implemented immediately.

We recommended that the City Mayor direct the City LDRRM Officer to submit the prescribed monthly Report on the Sources and Utilization of the DRRMF to the COA Auditor, as required by 5.1.5 of COA Circular No. 2012-002, for proper monitoring and evaluation.

Management's Comments:

The Monthly Report on Sources and Utilization of LDRRMF was not submitted due to lack of personnel from the concerned offices. The concerned personnel further requested that the Audit Team allow the submission of the aforementioned monthly reports on a quarterly basis, i.e., LDRRMF reports for January to March be submitted on the 5th day of April.

Auditor's Rejoinder:

According to Section 5.1.5 of COA Circular No. 2012-002 dated September 12, 2012, Report on Sources and Utilization of Disaster Risk Reduction and Management (DRRM) Fund using the prescribed format shall be prepared and certified correct by the Local Accountant. The LDRRM Officer shall submit the report on or before the 15th day after the end of each month through the LDRRMC and the Local Development Council (LDC) to the Auditor of the LGU. (underscoring supplied)

15. **Gender mainstreaming on GAD PPAs was not fully observed as several appropriations for various PPAs were either over-utilized, under-utilized or not utilized at all, contrary to PCW-DILG-DBM-NEDA JMC No. 2013-01, as amended by PCW-DILG-DBM-NEDA JMC No. 2016-01, thus, casting doubt on the gender-responsiveness of the GAD PPAs in addressing the identified gender issues and GAD mandates of the City.**

The Philippine Commission on Women (PCW), Department of Interior and Local Government (DILG), Department of Budget and Management (DBM) and National Economic and Development Authority (NEDA) Joint Memorandum Circular (JMC) No. 2013-01, as amended by JMC No. 2016-01, otherwise known as the Guidelines in the Localization of the Magna Carta of Women, prescribes policies and procedures in mainstreaming gender perspectives in local planning, programming and budgeting; local legislation; project development, implementation, monitoring and evaluation of the Local Government Units (LGUs) on Gender and Development (GAD), pursuant to Republic Act (R.A.) No. 9710 or the Magna Carta of Women (MCW).

Item 3.1, Section 3.0 of PCW-DILG-DBM-NEDA JMC No. 2013-01 indicates that local officials and employees shall be responsible in promoting and ensuring that gender and development is mainstreamed in local policy-making, planning, programming, budgeting, implementation, monitoring and evaluation. In this regard, Local Government Units (LGUs) shall ensure that their GAD Focal Point System (GFPS) or similar GAD mechanisms are in place, fully-functional and the members have the capacity and influence to promote gender mainstreaming pursuant to Section 37 of the MCW Implementing Rules and Regulations (MCW IRR).

Items C.1 and C.2, Section C of the same JMC provides:

"C.1 General Guidelines

1. LGUs shall formulate their annual GPBs within the context of their mandates to ensure gender mainstreaming in their policies, programs and projects. GAD planning and budgeting shall be integrated in the regular activities of the LGUs, the cost of implementation of which shall be at least five percent (5%) of their total Annual Budgets. The development, allocation and utilization of the GPB shall be implemented in accordance with this JMC.
xxx

4. In identifying GAD PPAs, LGUs shall at all times give priority to those that will address emerging and/or continuing issues and concerns on:

a. Provision of basic services and facilities to protect and fulfill women's human rights, including their right to protection from all forms of violence;
b. Women's economic empowerment, including women's participation in economic governance;
c. Participation in local governance and decision-making; and
d. Other provisions of the MCW.
xxx

C.2 Steps in Formulating the LGU GAD Plan and Budget (GPB)

1. In consultation with local functionaries and stakeholders, the LGU GFPS shall set the GAD agenda or identify priority gender issues to be addressed by the LGU during the three-year term of its leadership. The GAD agenda shall be the basis for the annual formulation of PPAs to be included in the LGU GPB. The GAD agenda or the priority gender issues, mandates and targets may be derived from the following:

i. Review of GAD-related laws and policies relevant to the LGU such as those mentioned in Section 2.0 and item C.1.4 of this JMC;
ii. Results of gender analysis and/or gender assessment using the sex-disaggregated data/information from the LGU GAD database, the Ecological Profile, the CBMS and/or LGPMS and NHTS-PR as well as information from major programs and services of the LGU that reflect the gender gaps and/or issues faced by

program/service beneficiaries, women and men constituents and employees.

iii. *Results of program and project evaluation in terms of benefits to target beneficiaries; and*
iv. *Review of findings from the audit of GAD funds and GAD ARs to surface remaining gender issues that have not been addressed in previous GPBs.*

2. *Identify appropriate PPAs to address priority gender issues that are included in the GPB. PPAs may be client-focused or those addressing gender mainstreaming in regular/flagship PPAs; as well as organization-focused or those addressing gender issues of the LGU and its personnel.*
   xxx"

Furthermore, Section D of the JMC states:

"D. Mainstreaming Gender Perspectives in Local Development Plans

1. *To ensure a sustainable and performance-based planning and budgeting, all LGUs shall mainstream GAD concerns in their local development plans. The procedures for mainstreaming gender perspective in local plans shall be in accordance with the local planning process and corresponding timeframe provided for in the DILG-NEDA-DBM-DOF JMC No. 1 Series of 2007;*

2. *Mainstreaming gender perspectives in local plans shall consider the planning structure, the multi-sectoral development and land use plans, the planning process, the LDIP/AIP and the budget.*

3. *To ensure effective gender mainstreaming in local development plans, the following activities shall be undertaken:*

   i. *Revisit the LGU's vision, sectoral plans and investment program and assess them according to gender-responsiveness;*
   ii. *Gather, collate and analyze the LGU's situation through the use of gender analysis and/or gender assessment tools, including the use of the GAD database to determine the status of women and men and the gender gaps or issues that they face; as well as to determine the capacity of the LGU to promote, respect and fulfill women's human rights or to plan, implement and monitor GAD interventions;*
   iii. *Provide the LDC and its sectoral committees with data and information essential to the formulation of gender-responsive plans and PPAs;*
   iv. *Review sectoral or functional objectives, targets and programs, projects and activities for gender-responsiveness;*
   v. *Conduct public hearings on sectoral planning, projects and activities;*
   vi. *Monitor and evaluate gender-responsive programs and projects; and*
   vii. *Reflect the GAD PPAs as indicated in the LGU GPB in the AIP."*

For the Calendar Year (CY) 2024, the City appropriated ₱104,368,653.78, or more than five percent of the total LGU annual budget for its GAD Programs, Projects and

Activities (PPAs). Of this amount, ₱102,619,990.31 or 98.32 percent was utilized during the year. Summary of the GAD PPAs and utilization are shown below:

	Client-Focused LGU PPAs	Organization-Focused LGU PPAs	Total
Appropriation	₱ 95,058,872.00	₱ 9,309,781.78	₱ 104,368,653.78
Utilization	88,987,115.91	13,632,874.40	102,619,990.31
Balance	**₱ 6,071,756.09**	**₱ (4,323,092.62)**	**₱ 1,748,663.47**
Percentage of Utilization	**93.61**	**146.44**	**98.32**
No. of Gender Issues/GAD Mandate	41	15	56
No. of Relevant LGU PPAs	38	13	51
No. of GAD Activities	71	18	89
No. of Fully or Partially Implemented GAD Activities during the year	58	12	70
Percentage of Implementation	81.69	66.67	78.65

Review and evaluation of GAD Reports revealed that 56 gender issues and/or GAD mandates that the City would like to address 51 relevant LGU PPAs, and 89 GAD activities indicated in the submitted GAD Plan and Budget (GPB), based on the GAD sex-disaggregated database according to the City's acquired data from various offices and National Government Agencies (NGAs). Moreover, of the 89 GAD activities, only 70 or 78.65 percent were either fully or partially implemented in CY 2024. Details of which were shown in ***Annex Q***.

Based on the schedule of GAD Fund utilization report, the following were also noted:

a. Thirteen client-focused and six organization-focused GAD PPAs were not carried out as planned during the year, five of which were either allocated to other activities or implemented using funds from other GAD activities, while the remaining 14 GAD PPAs provided no explanations for their non-implementation.

b. Twenty-eight GAD PPAs utilized more than what was allocated to them, ranging from ₱20.00 to ₱10,631,850.00, while the excess was covered by funds from other offices such as the City Mayor’s Office (CMO), Senior Citizens Funds, Persons with Disabilities (PWDs) Funds, City Health Office (CHO), Local Youth Development Office (LYDO), and City Disaster Risk Reduction and Management Office (CDRRMO). Moreover, partially utilized GAD PPAs had utilization rates of as low as 1.66 percent and presented no justification for the low utilization.

c. Inquiry with the GAD Focal Person revealed that, although the GAD Monitoring and Evaluation (M&E) Team was established, the results of the implemented GAD PPAs, project assessments in terms of benefits to target beneficiaries and the evaluation of the outcomes of the LGU GAD policies, programs and projects, which should have been undertaken to monitor the implementation of GPB and review the status of the LGU’s institutional mechanisms on gender mainstreaming annually, was not prepared and submitted. This could also explain why some of the appropriations for GAD PPAs were not utilized accordingly.

Gender mainstreaming means integrating a gender equality perspective in designing, implementing and evaluating policies, programs and projects, taking into account and considerations the differences among women and men, so that they benefit both genders. Therefore, if gender mainstreaming was properly observed, the gender responsiveness of the GAD PPAs in addressing the gender issues, concerns and GAD mandates could be addressed properly.

We recommended that the City Mayor direct the GAD Focal Person to conduct re-assessment of gender mainstreaming by engaging in the activities outlined in Item 3, Section D of PCW-DILG-DBM-NEDA JMC No. 2013-01, as well as take into consideration the results of program and project evaluation in terms of benefits to target beneficiaries, as assessed by the M&E Team, to ensure the gender-responsiveness of the GAD PPAs in addressing the City's gender issues and GAD mandates.

Management's Comments:

The GPB of the City Government has been approved by the DILG and had been incorporated in the Annual Investment Plan (AIP) of the City through attribution. The GAD Focal Person assures that the M&E Team will ensure that the GAD PPAs are gender responsive and will address the City's gender issues and GAD mandates.

Compliance with Tax Laws and Regulations

For Calendar Year (CY) 2024, the City withheld taxes from salaries of personnel and purchase of goods and services totaling ₱65,256,375.34, and correspondingly remitted the same to the Bureau of Internal Revenue within the prescribed period.

Compliance with Government Service Insurance System (GSIS) Rules and Regulations

The City was regularly deducting the premium contributions, amortization of loans and other amounts due from the permanent employees together with the government's share totaling ₱68,720,277.68, and remitted ₱68,510,836.09 to the GSIS on or before the 10th day of the following month to which the contributions apply in accordance with Section 6 of Republic Act (R.A.) No. 8291.

Compliance with Rules and Regulations of Pag-IBIG and PhilHealth

The City properly withheld the mandatory employer and employee contributions to the Pagtutulungan sa Kinabukasan: Ikaw, Bangko, Industria at Gobyerno (Pag-IBIG), totaling ₱9,669,902.71, and PhilHealth totaling ₱9,353,45.48, and remitted ₱9,669,096.74 and ₱9,309,912.45, respectively, in compliance with Home Development Mutual Fund Circular No. 275 and the Implementing Rules and Regulations of R.A. No. 7875 as amended by R.A. No. 9241, respectively.

Official Development Assistance (ODA) Funded Projects

The City had no ODA-funded projects during the year.

Status of Unsettled Suspensions, Disallowances and Charges

As of December 31, 2024, the City has unsettled disallowances totaling ₱84,733,007.17 of which ₱74,748,007.17 has Petition for Review/Motion for Reconsideration by Appellants received by the Audit Team last July 29 and 30, 2024 and submitted to the Commission on Audit, Central Office, and unsettled charges totaling ₱9,154,505.66 against the former Liquidating Officer. There were no unsettled suspensions as of year-end.

Part III -
STATUS OF IMPLEMENTATION OF PRIOR YEAR'S AUDIT RECOMMENDATIONS

STATUS OF IMPLEMENTATION OF PRIOR YEAR'S AUDIT RECOMMENDATION
As of December 31, 2024

Of the 37 audit recommendations embodied in the Calendar Year (CY) 2023 Annual Audit Report (AAR), 18 were implemented and the remaining 19 were not implemented by the City of Trece Martires, Cavite. Details are presented as follows:

Reference	Audit Observation	Recommendation	Management's Action	Status of Implementation	Reason for Non-Implementation
CY 2023 AAR, Observation No. 1 Page Nos. 55 to 58	1. The discrepancy of ₱23,569,136.33 between the book balances of 18 Property, Plant and Equipment (PPE) accounts and the Report on the Physical Count of PPE (RPCPPE), and accountability over missing or unaccounted PPEs amounting to ₱49,814,151.45 were not addressed by the City due to non-completion of all six activities of the one-time cleansing of PPE as of December 31, 2023, contrary to the provisions of Commission on Audit (COA) Circular No. 2020-006, hence the reliability and accuracy	We recommended that the City Mayor direct the City General Services Officer (GSO) and City Accounting Office (CAO) to proceed with the following activities of One-Time Cleansing of PPE using the procedural guidelines prescribed in COA Circular No. 2020-006, to establish a reliable balance of PPE accounts: a) Section 6.3 - Reconciliation of inventory count per RPCPPE with property and accounting records; b) Section 7.0 - Disposition for non-existing/missing PPEs;	No action has been taken.	Not Implemented	The Management has yet to fully reconcile the records of PPE accounts despite availment of One-Time Cleansing. Concerned personnel from both offices are working closely together to reconcile the seven accounts with reported discrepancies, and initial findings indicate that the difference was due to Accounts Payable taken up in the books.

Reference	Audit Observation	Recommendation	Management's Action	Status of Implementation	Reason for Non-Implementation
	of the reported PPE account balances, excluding Land and Construction in Progress, totaling ₱598,276,175.64 could not be ascertained.	c) Section 8.0 - Derecognition of non-existing/missing PPEs without available record of accountability; and d) Section 9.0 - Accounting entries and disclosure in the Notes to the Financial Statements			
		Also, we recommended that the City take note of the sunset provisions therein emphasizing that the procedures could no longer be used to further derecognize missing properties and/or cleanse subsequent discrepancies or unreconciled balances in PPE accounts.	No action has been taken.	Not Implemented	The Management has yet to fully reconcile the records of PPE accounts despite availment of One-Time Cleansing. *Reiterated with modifications in Audit Observation No. 2, Page Nos. 62 to 67, Part II of this Report* *For preparation of Recommendation Tracking Sheet (RTS) for*

					recommendations considered closed for having been reiterated with modifications
CY 2023 AAR, Observation No. 2 Page Nos. 58 to 63	2. The completeness and accuracy of the Land account balance of ₱352,134,574.46 as of December 31, 2023 was doubtful due to (a) unrecorded four donated lots to the City; (b) unrecorded 16 parcels of land registered under the name of the City with total market value of ₱59,833,340.00; (c) inclusion of survey cost which cannot be identified to a specific lot amounting to ₱183,223.65; (d) inclusion of five road lots totaling ₱1,745,600.00, (e) unsubmitted proof of ownership such as Deed of Sale or Transfer Certificate of Title (TCT) for 11	We recommended that the City Mayor direct the: a. City Accountant, in coordination with the City Assessor, the City GSO and other concerned officials, to identify all the land owned by the City and ensure that all properties owned by the City are accounted in the books;	No action has been taken.	Not Implemented	The concerned offices will collaborate to identify all the parcels of land owned by the City, which must be supported by proofs of ownership such as Deeds of Donation and TCTs, before taking up these lots in the books.
		b. City Accountant, in coordination with the City GSO, to analyze and identify to a specific parcel of land the survey cost and other	No action has been taken.	Not Implemented	They will exert efforts to identify the specific lots with which the survey costs were related and shall be capitalized as part of the costs.

Reference	Audit Observation	Recommendation	Management's Action	Status of Implementation	Reason for Non-Implementation
	parcels of land totaling ₱37,029,320.00; and (f) non-maintenance of Property Card (PC) and Real Property Ledger Card (RPLC) by the City GSO and Accounting Office, respectively, contrary to Sections 39 and 111 of Presidential Decree (PD) No. 1445, International Public Sector Accounting Standards (IPSAS) 17 and Sections 119 and 120 of the Manual on the New Government Accounting System (MNGAS) for Local Government Units (LGUs), Volume I.	expenses totaling ₱183,223.65, otherwise make the necessary adjustments by charging these amounts to the Prior Years' Adjustment account;			
		c. City Accountant to reclassify the road lots totaling ₱1,745,600.00 from the Land account to the Road Networks account to achieve consistency in the presentation of accounts;	No action has been taken.	Not Implemented	The CAO will implement the audit recommendation to transfer ₱1,745,600.00 from the Land account to the Road Networks account.
	Moreover, 17 parcels of land acquired in CYs 1993 to 2023 were not yet registered or transferred in the name of the City, contrary to Section 148 of COA Circular No. 92-386, hence,	d. City Accountant and/or the City GSO to submit to the Audit Team copies of proof of ownership of 11 parcels of lot recorded in the books and inventory records;	No action has been taken.	Not Implemented	The concerned offices will collaborate to identify all the parcels of land owned by the City, which must be supported by proofs of ownership such as Deeds of

Reference	Audit Observation	Recommendation	Management's Action	Status of Implementation	Reason for Non-Implementation
	they are not protected against double or multiple sales and other irregularities in the titling of real property.				Donation and TCTs, before taking up these lots in the books.
		e. City GSO or the Office concerned/assigned to facilitate the registration and transfer of the titles of the parcels of lot/land determined to be owned by the City Government of Trece Martires from the previous owner/s to the City government; and	Three parcels of land were already transferred under the name of the City Government as of year-end.	Not Implemented	The remaining parcels of land were still in the process of transferring to the City Government.
		f. City Accounting Office to maintain RPLC and the City GSO maintain PCs for all lands owned by the City.	No action has been taken.	Not Implemented	The CAO will comply with the requirements of the MNGAS for LGUs by inserting additional columns for the custody and source documents to the existing subsidiary ledgers. *Reiterated with modifications in*

Observation No. 14 Page Nos. 87 to 88	the City from CYs 2022 to 2023 were not yet registered with the Land Transportation Office (LTO) while 36 vehicles had expired registrations which were not yet renewed at year-end, contrary to Section 5 of Batas Pambansa Bilang 74 and Section 2 of PD No. 1445, thus exposed the government to fines and/or penalties for late registration and other possible damages that may arise due to the use of unregistered vehicles.	the City GSO to cause the registration of the 11 unregistered motor vehicles and the renewal of registration of the 36 motor vehicles with the LTO in compliance with Section 5 of Batas Pambansa Bilang 74.	total of 20 motor vehicles during the year.		yet to register four motor vehicles and 19 vehicles with expired registration issued to different home owners' associations in the City's different subdivisions. *Reiterated with modifications in Audit Observation No. 12, Page Nos. 91 to 93, Part II of this Report* For preparation of RTS for recommendations considered closed for having been reiterated with modifications
CY 2023 AAR, Observation No. 15 Page Nos. 88 to 92	15. Accumulated overages and/or shortages of collecting officers from CYs 2018 to 2023 amounting to ₱56,827.61 and ₱71,455.18,	We recommended that the City Mayor direct the: a. City Treasurer to obtain explanation from the Accountable	The Management immediately communicated with the concerned	Implemented	

Reference	Audit Observation	Recommendation	Management's Action	Status of Implementation	Reason for Non-Implementation
	respectively, due to errors in recording and remittances were charged against the Due to/from Officers and Employees accounts and were still not settled as of year-end, contrary to Section 2 of PD No. 1445 and sound internal control practices. Moreover, dormant claims aged two to seven years totaling ₱135,758.37 and erroneously recorded transaction amounting to ₱101,814.50 were also included in the said accounts, contrary to COA Circular No. 76-45 and Paragraph 27 of the IPSAS 1, thereby rendering the accuracy and the validity of said accounts doubtful.	Officer (AO) with overages in collection, and if the overages cannot be satisfactorily explained by the AO, forfeit the amount in favor of the City by issuing an Official Receipt and record the overage as "Miscellaneous Income";	personnel thru a letter dated March 05, 2024.		
		b. City Treasurer to demand from the AO the immediate settlement of their unremitted collections, otherwise deduct the amount from their salaries, and thereafter make sure that overages and/or shortages are settled immediately once discovered;	The City Treasurer issued a written demand letter dated February 27, 2024 stating the settlement of shortages incurred.	Implemented	

Reference	Audit Observation	Recommendation	Management's Action	Status of Implementation	Reason for Non-Implementation
		c. City Treasurer to institute control measures to minimize, if not totally eliminate, errors in the recording of collections, and thereby overages and shortages of Collecting Officers;	The Management assigned a focal person for the monitoring of the settlement of shortages and overages. Moreso, such settlement were recorded in the books of accounts accordingly.	Implemented	
		d. City Accountant, in coordination with concerned offices, to send letters to creditors-employees at their last known address to inform them of their collectibles from the City and if no response is received on the deadline given, immediately revert these amounts to the unappropriated surplus in accordance with COA Circular No. 76-45; and	Letters to creditors-employees at their last known address to inform them of their collectibles from the City were sent accordingly.	Implemented	

Reference	Audit Observation	Recommendation	Management's Action	Status of Implementation	Reason for Non-Implementation
		e. City Accountant to prepare and draw the necessary adjusting entries to correctly classify the property tax share amounting to ₱101,814.50 to their proper accounts.	Necessary adjusting entries to correctly classify the property tax share were drawn with JEV No. 100-24-02-00375 dated February 21, 2024..	Implemented	
CY 2023 AAR, SIPYAR No. 8, Page Nos. 101 to 102	16. The City still resorted to the manual or cash advance system in paying the wages of its Job Order (JO) workers amounting to ₱74,941,159.05 for the CY 2022, inconsistent with the pertinent provisions of Section 124 of PD 1445, thus the benefits of the electronic payroll system such as greater control and protection in cash handling and administrative efficiency were not fully enjoyed by the City.	We recommended that the City Mayor require the City Treasurer and other concerned officials to prepare and submit the necessary requirements to enable the City to include in its automated payroll system the payment of the wages of its Job Order workers.	The City was able to enroll several JO workers in the Automated Teller Machine (ATM) payroll accounts.	Not Implemented	At least 1,000 job order workers of the City were not yet enrolled in the automated payroll.

Reference	Audit Observation	Recommendation	Management's Action	Status of Implementation	Reason for Non-Implementation
CY 2023 AAR, SIPYAR No. 9, Page No. 102	17. The Office of the City Engineer did not conduct preliminary inspection and submit punch-lists to contractors at the time the 33 infrastructure projects costing ₱73,973,103.17 reached 95 percent accomplishment, in violation of Item 7 of Annex E of the 2016 Revised IRR of RA No. 9184, thus the remaining works, work deficiencies for necessary corrections, and the specific duration to fully complete the project were not properly monitored prior to turnover and acceptance of the projects.	We recommended that the City Mayor direct the City Engineering Office to conduct preliminary inspection and submit punch-lists to contractors on infrastructure projects when they reach an accomplishment of 95 percent of the total contract amount to determine defects and thus, make necessary corrections, before proper turnover and acceptance of the projects to the City.	The City Engineering Office conducts preliminary inspection at 95 percent completion.	Implemented
